Item No

7. HIGHWAY SCHEMES IN THE NORTHERN COMMUNITY ASSEMBLY FOR 2012/13

1.1 The Head of Transport, Traffic and Parking Services and the Northern Community Assembly Manager submitted a joint report which set out an amendment to the approved methodology for spending the Assembly's allocation for Highway Schemes in 2012/13. The amendment was to add the High Green North 20 mph Area as a third large scheme.

1.2 **RESOLVED:** That the Northern Community Assembly approves the revised spending methodology for highway funding to include the High Green North 20 mph Area.

1.3 Reasons for Decision

1.3.1 The High Green North 20 mph Area was an Assembly priority which it hoped would be chosen as one of those to be implemented using central funding.

1.3.2 Cabinet Highways Committee, in September decided to prioritise the Spinkhall area of Stocksbridge, which was the Assembly's nomination. Accordingly, the Assembly has now reassessed its spending to allow the High Green North scheme to be funded from its own highway funds.

1.4 Alternatives Considered and Rejected

1.4.1 The Assembly has considered its priorities for spending and has tried to strike a balanced approach to dealing with requests for changes on the roads within its area.

1.4.2 At this time, the Streets Ahead project is active in only a small part of the Assembly area. The Assembly has chosen to allocate funding to two large schemes to realise greater benefit.
