

Licensing Sub-Committee

Tuesday 14 March 2017 at 10.00 am

To be held at the Town Hall, Pinstone Street, Sheffield, S1 2HH

The Press and Public are Welcome to Attend

Membership

**Councillors Alan Law (Chair), Kieran Harpham and George Lindars-Hammond
Vickie Priestley (Reserve)**

PUBLIC ACCESS TO THE MEETING

The Licensing Committee carries out a statutory licensing role, including licensing for taxis and public entertainment.

As a lot of the work of this Committee deals with individual cases, some meetings may not be open to members of the public.

Recording is allowed at Licensing Committee meetings under the direction of the Chair of the meeting. Please see the website or contact Democratic Services for details of the Council's protocol on audio/visual recording and photography at council meetings.

A copy of the agenda and reports is available on the Council's website at www.sheffield.gov.uk. You can also see the reports to be discussed at the meeting if you call at the First Point Reception, Town Hall, Pinstone Street entrance. The Reception is open between 9.00 am and 5.00 pm, Monday to Thursday and between 9.00 am and 4.45 pm. on Friday.

You may not be allowed to see some reports because they contain confidential information. These items are usually marked * on the agenda.

If you require any further information please contact Harry Clarke on 0114 273 6183 or email harry.clarke@sheffield.gov.uk.

FACILITIES

There are public toilets available, with wheelchair access, on the ground floor of the Town Hall. Induction loop facilities are available in meeting rooms.

Access for people with mobility difficulties can be obtained through the ramp on the side to the main Town Hall entrance.

**LICENSING SUB-COMMITTEE AGENDA
14 MARCH 2017**

Order of Business

- 1. Welcome and Housekeeping Arrangements**
- 2. Apologies for Absence**
- 3. Exclusion of Public and Press**
To identify items where resolutions may be moved to exclude the press and public

ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest (DPI)** relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Audit and Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Gillian Duckworth, Director of Legal and Governance on 0114 2734018 or email gillian.duckworth@sheffield.gov.uk.

SHEFFIELD CITY COUNCIL Committee Report

Report of: Chief Licensing Officer, Head of Licensing

Date: 14th March 2017

Subject: Street Trading
Application for a Static Street Trading Consent

Author of Report: Clive Stephenson

Summary: To consider an application for a Static Street Trading Consent at Barkers Pool Sheffield City Centre

Background Papers: As attached
Street Trading Policy

Category of Report: OPEN

**REPORT OF THE CHIEF LICENSING OFFICER,
HEAD OF LICENSING TO THE LICENSING SUB COMMITTEE**

REF No: 38/17

LOCAL GOVERNMENT (MISCELLANEOUS PROVISIONS) ACT 1982

STREET TRADING – Badger & Bean Mobile Coffee

1.0 PURPOSE OF REPORT

1.1 To consider an application for the grant of a Static Street Trading consent to trade at Barkers Pool (top nr Division Street) .

2.0 INTRODUCTION

2.1 The Council as a Licensing Authority have power under the provision of the 1982 Act to regulate Street Trading in the City.

2.2 A Street Trading Consent is required to trade on any Street (which includes roads, footways, forecourts, or other areas to which the public have access) within the Sheffield City Boundary.

2.3 The Licensing Committee at it's meeting of 29th January 2002 passed the following resolution:

1. That under the provisions of schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982:

- (a) all streets (which includes roads, footways, forecourts or other areas to which the public have access) within the Sheffield City boundary, shall be designated consent streets and;
- (b) such street trading designation shall take effect as from the 1st April 2002; and
- (c) all previous designations in relation to street trading will be rescinded as a result of the designation set out above.

2. The effect of this resolution is that from 1st April 2002, it will be an offence to engage in street trading in any street or any other place identified in the above resolution without being authorised to do so by consent from the City Council.

2.4 A Local Authority may attach conditions to a Street Trading Consent. The conditions may include conditions to prevent obstruction of the street and danger to persons using the street or nuisance or annoyance.

2.5 A Street Trading Consent may only be granted for a maximum period of twelve months.

2.6 There is no appeal procedure against the refusal or revocation of any consent. An applicant may, however apply for judicial review of the Council's decision.

3.0 THE APPLICATION

3.1 The applicant(s) are Mrs Sally Ford, & Miss Michelle Horne a copy of the application is attached at Appendix 'A'.

3.2 The application was submitted on 16th January 2017.

3.3 The application is to Hot and Cold Drinks, confectionary, crisps sandwiches and pastries from a mobile unit Monday to Friday from 08.00 (on site at 07.30) to 17.30. Also to trade two Saturdays per calendar month.

3.4 The application was circulated, in the usual manner, to South Yorkshire Police, South Yorkshire Fire and Rescue, Highways and Planning, and City Centre Management. Notices were erected by Licensing Officers at the site advertising the application and notice was also given to shops and anyone that might be affected by the applications within the immediate vicinity.

3.5 Objections have been received by Highways and Interested parties listed below in 4.1 of this report.

4.0 REASONS FOR REFERRAL

4.1 The application has been referred to the Sub-Licensing Committee for their consideration as the Licensing Authority has received objections to the application from the following parties:-

- Highways
- Interested Parties Sandwich Business, Division Street, and John Lewis, Barkers Pool.

Copies of the representations are attached at Appendix 'B'

4.2 The objections refer to issues contained in section 2.8 of our street trading policy when determining the application, and Members are referred to in particular section 2.8.2:

Public Safety Highway Section B
Traders Section B

4.3 Members should consider all the information provided by the applicant both in their written application and in person at the hearing.

4.4 The applicant and objectors have been invited to attend the Licensing Committee hearing. Copies of the invites are attached at Appendix 'C'.

4.5 A copy of the hearing procedure is attached at Appendix 'D'.

5.0 FINANCIAL IMPLICATIONS

- 5.1 The Street Trading Policy states that fees will be set and reviewed annually on a full cost recovery basis. The level of fee takes into account the location, duration of consent, the trading hours and articles to be sold as well as the enforcement of terms and conditions.
- 5.2 Fees for static consents are determined at the grant of the application therefore there are no financial implications arising from this report.

6.0 RECOMMENDATIONS

- 6.1 That Members consider all the relevant information available, any representations that may be made and our policy.

7.0 OPTIONS OPEN TO THE COMMITTEE

- 7.1 To grant the application for a Static Street Trading Consent at Barkers Pool.
- 7.2 To grant the application with amendments.
- 7.3 To defer the matter for further consideration.
- 7.4 To refuse the grant of the Static Street Trading Consent .

Certificate of insurance in respect of the vehicle / unit	
Public liability insurance (minimum of £2,000,000)	
Written confirmation that the vehicle meets the Council's food safety standards	<input checked="" type="checkbox"/>
Waste management contract	

AS

G. DECLARATION

WARNING

Paragraph 10(3) of Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982 gives the following warning:-

"Any person who, in connection with an application ...for a street trading consent, makes a false statement which he knows to be false, in any material respect, or which he does not believe to be true, shall be guilty of an offence."

I / We,

- declare that all the information I have given in this application is complete and correct:
- declare that I am over 17 years of age (in cases of individual applicants)
- declare I understand and will comply with the Sheffield City Council Street Trading Consent Conditions;
- undertake to pay Sheffield City Council the relevant consent fee in advance whether demanded or not;
- understand that consents are not transferable;
- understand that the Local Authority reserve the right to make further enquiries with South Yorkshire Police as a result of this application as they may consider desirable; and
- understand that giving false information is an offence and may result in prosecution and / or a street trading consent being refused or revoked:

Applicant 1	Signature: <u>S. Ford</u>
	Print name: <u>Sally Ford</u>
	Date: <u>16 January 2017</u>
	Capacity: <u>Partner</u> <u>1 of 2</u>
Applicant 2	Signature: <u>[Signature]</u>
	Print name: <u>Michelle Horne</u>
	Date: <u>16 January 2017</u>
	Capacity: <u>Partner</u> <u>2 of 2</u>

Please read these notes before completing the application form.

- (a) If there is insufficient room on this form to fully answer the questions; or if you wish to make any further statement in support of your application, please do so on a separate sheet of paper attached to this form.
- (b) None of the information which you supply on (or with) this form will be treated as confidential except where it relates to convictions.
- (c) The Council is under no obligation whatsoever to grant a consent to any person; you will be notified of the result of this application, as soon as possible.

QUALITATIVE CRITERIA – SMALL TRADING STALLS

The Business – Badger & Bean Mobile Coffee

The business is a new start up craft coffee company - Badger & Bean Mobile Coffee. It is operated from a Piaggio Apé vehicle and we sell fresh coffee using a lever pull machine. (photographs are attached so that the Piaggio and lever machine make sense). Badger & Bean is a partnership between myself and my business partner, however the business is to be run primarily by myself as a full time enterprise and should it be sufficiently successful and manage to support both people my business partner will become more active in the day to day running. The number of hours and days we are required to remain open to make the business viable will also influence if both partners share the working hours. However, as an initial launch it is planned that the business will be run by 1 partner primarily as a solo project.

Badger & Bean is a craft coffee business aimed at providing quality coffee brewed to customers tastes. We are not aiming to compete with mass produced coffee as provided at Starbucks or Costa (for example), instead we aim to highlight the range of unique tastes a coffee brewed correctly can give to customers. The business ethos is more in line with that of a craft beer experience than it is a typical coffee house experience.

We have been working with a local coffee roaster in furthering our understanding of the whole "coffee" experience so that Badger & Bean can offer the best tasting coffee to its customers. Sitting this knowledge with our "down to earth" customer approach we hope that customers will feel more able and at ease in joining in with the conversation and more able to talk about what they want out of their coffee.

One of the key themes of the business will be the artisan nature of the produce we use, sourced wherever possible from local businesses that use fair trade practices and have a sustainable approach to their business practices. Alongside this we are sourcing wherever possible produce locally and from sources who aim to limit their impact on the environment.

Environmental Impact

We are very aware of the current conversations taking place about the impact the coffee takeaway business is having on the environment with regards to the amount of disposable coffee cups/lids and by products filling landfills.

In order to minimise our own impact we will be using "vegware" compostable lids and cups, both of which are made from lower environment impact methods using less carbon in their production and both are made from materials that are fully recyclable, not landfill materials. To support this theme the cups feature a small phrase on them confirming their recyclable nature and we will highlight this within our business.

As Badger & Bean operates from the Piaggio Apé it comes with its own dual power source. It utilises both battery power and gas. Both of these are contained within the Apé itself. The Apé conversion was undertaken to the highest of standards with both versatility and safety the 2 core aims. The conversion was retested and reviewed in August 2016 by a specialist auto electrical technician to

ensure that all cabling and batteries remain at the optimum standard with no degrading and that they remain the safest option as a power source.

Most mobile units use a single electrical power source to enable their coffee machines to function as they are automatic machines. However, as Badger & Bean use a lever based coffee machine it can use either gas or electric to power itself. It uses the pressure created from heating the water as a natural source to "brew" the coffee and the heat generated from that to steam the milk. The machine primarily uses gas, a much more efficient and greener power source.

To further the environmental theme the coffee grinds will be taken home and separated into small bags to offer to either customers or people living locally to take for use in their gardens. We are hoping that as a business we have a low impact on the environment and as we develop we will continue to look for ways to limit our environmental footprint as we grow.

Craft Coffee Cart

Besides the aim to limit our environmental impact while selling coffee, we also believe that we offer something different. We appreciate that Sheffield city centre has a vast range of establishments that cater to people's coffee needs, as do many other city centres. However, it does not have something that looks like we look and sells a crafted coffee. There is a Piaggio already in the city centre selling coffee, on Howard Street, however this is not a craft coffee cart, it sells coffee in the form of most coffee houses.

From research we know that most city centres in the UK don't have anything like us - yet. But businesses like ours are spreading. They are already very popular in shopping malls and airports in retail havens like Dubai selling an array of street food. In the UK London has seen conversions like ours spread in popular retail districts and now into malls selling a range street food, coffee and Bailey's with Prosecco conversions on the way. The presence of one Piaggio in Sheffield already stands to reflect the growing nature of this type of small business.

Sheffield also does not have a mobile coffee seller that has such a strong customer focused approach to selling something that has become synonymous with a day out shopping. We want to talk to people about how they really want their coffee so that we can give each customer what they really want. Most people are used to buying their coffee as a standard as it comes from an automatic machine. A lever pull machines allows us to determine the strength and taste of each coffee quite precisely as we will measure the exact brew time with each one individually. This will allow us to offer each customer a coffee brewed to their tastes much like they are able to brew their own cup of tea. This kind of technique eliminates the double shot or triple shot. Instead the brew of each "espresso" will dictate the end result for the customer. Lever machines are still a rarity in Sheffield, more so on the mobile scene. However it is an area of growing expansion as people want more from their coffee.

A report in 2015 from the Office for National Statistics stated that the proportion of 16-24-year-olds who do not drink increased by more than 40 per cent between 2005 and 2013. Instead they are drinking more coffee. It is a growing market, and as it grows people will become more discerning and want a coffee brewed to their particular tastes. We hope to be a business that takes part of that conversation.

In addition to the coffee

To complement the coffee we hope to sell a limited range of pastries and Danishes and sandwiches. Initially the main focus will be to get the coffee cart established and make sure that we are able to run this effectively and efficiently. Once this has been achieved the aim would be to offer a limited range of pastries and/or sandwiches. The pastries will be sourced from Wellbeck Bakery, who use local

produce and use traditional artisan methods to create their produce. The bread for the sandwiches will also be sourced from Wellbeck. Rather than a traditional sandwich we will be offering Italian styled sandwiches.

The produce we offer will need to be of a very limited stock given the nature of the business and only become available at the point that the business is able to support the additional lines.

Intended hours of operation

Initially it is hoped that the cart will open week days from 8.00am until approximately 5.30pm. We are hoping to open the cart for 2 Saturdays a month, the first and last and operate from 9am until 4pm.

These hours are highly likely to fluctuate once we commence selling as we need to be able to sell in sufficient numbers to be able to maintain the business. As such if the hours outlined above do not work the best we will need to be flexible with them. As such we may need to rethink number and actual opening hours/days as we progress. As such please be aware the times above are intended hours. We are also aware that we will need to remove the cart at the end of the day and as such are conscious of the rush hour traffic, this may well factor into our opening times, by either cutting them short if there is not sufficient interest in the product in the later hours or extending them until around 6pm until after the majority of the rush hour has left. However, it is hoped that the stated hours will be the ones we use.

The Qualitative Criteria

Motorised vehicle or stall and its Movement.

The business is a mobile coffee business in an Piaggio Apé which is a motorised vehicle. I understand the criteria requires that the vehicle is non-motorised. While the Apé has an engine it is transported exclusively by towing. The cart has a removable A frame which is used to tow the Apé. The "cart/stall" I intend to use is exactly the same as a unit that has been selling coffee for a number of years within the city centre district, from Howard Street. Like that business I intend to tow the cart into place. I will be keeping the towing vehicle off site once the Apé is in place. At the end of each day the cart will be towed off site.

Good presentation

The cart itself has been vinyl wrapped in the Badger & Bean logo, however the items we will sell in addition to the coffee will be kept in appropriate conditions for their sale. I intend to use only top end display containers that will show the products at their very best. The items I will be selling (sandwiches and pastries) will have a very limited shelf life. As such it is in my best interest to have them displayed in a manner that shows their best light in order to sell them before that are no longer sellable.

Good design and Visually Acceptable

The photographs provided reflect that the Piaggio Apé has been vinyl wrapped to the highest of standards. The external area of the cart has been entirely wrapped and the businesses logo and contact details have been reproduced on the cart. We recognise that strong recognition is key for our businesses survival and that making the best possible impression on our customers is also important. Sit this with the need to remain a clean and safe environment to sell coffee and limited food products have a clean and tidy outer appearance was felt to be as important as having a clean internal working environment.

The menus that we will have displayed within the lid of the raised section of the Apé will be printed and laminated and therefore of a good quality scroll work. We will be using the same font as is used in the logo design. In line with this all signs and notice's will also be printed in the same manner.

No adverts unless agreed

At present we have no intention of advertising from our unit for any other business. We will highlight on our own website any suppliers that we feel would be appropriate to rather than use the unit to do this. Should we ever wish to change this we are aware that we would need to seek your permission to do so and would do this in writing before taking any action.

No non-functional elements and must meet approval for location

The location chosen has been done so as it is flat and is moved back away from the main thoroughfare of Barkers Pool. The location is close to a tree, a wall and a collection of benches. The unit itself would not block any walkway or the driveable portion of the road. The area is large and would permit for a very large group of people to pass unhindered and would not impact on any larger gathering.

The unit itself is ideally suited to flat locations, but as reflected in the Howard Street location of the alternate Piaggio, the cart can be adapted to operate safely, effectively and without any outward change to appearance from a sloping area.

The cart will not feature any additional elements that are not of direct use and fundamental to the operation of the business. The cart has a small metal removable shelf to one side, on the opposite is the capacity to add an umbrella in a safe manner. There are also 2 small tables for the display of the sandwiches and pastries, however these will only be added if these additional lines are opened.

Self-contained within the cart for equipment

The cart itself contains the coffee machine and grinders and storage for the cups/lids/holders etc – all the necessary products to sell coffee. In addition the cart contains the gas and leisure batteries used in the production of the coffee. There is also a water tank and a small sink. The cart contains all the necessary equipment, as such none are on display to the general public, they are within the cart itself.

Size smaller front than 3 metres, width 2 meters 2.5 m high

The Piaggio Apé is smaller than the relevant dimensions in every manner. Even if the umbrella is added on necessary days and if the tables are out the cart would still comply with the appropriate dimensions. The cart is 2.56m in length, 1.25m width and 1.56m high.

Canopies must be cleaned and maintained to high standards

The cart itself is and will be regularly cleaned inside and outside. While there is no canopy to the cart the umbrella we will be using is presently clean and will be cleaned on a regular basis to maintain the overall aesthetics of the business.

Food rating of 3 and hygiene standards need to be good and evidenced

The cart itself has not been assessed at present for food hygiene rating. We have contacted the relevant authority and have provided these emails. We have been notified that until we begin trading we will not be assessed. We can confirm and evidence that the previous owner of the cart received the top rating from the authority where they traded.

Both partners of the business have worked in the food and service industries previously. We are both aware of the necessity to maintain good food practices. We have relevant clean down sheets (attached) to ensure that we are able to be confident of a consistent cleaning process and to be able to reflect to any authority what cleaning takes place every day.

The clean down sheets include a weekly process (attached) to reflect the "deep clean" that will happen weekly. These cleans are considered essential to have a minimum operating standard for our business, however if it was felt relevant then additional cleaning would take place (for example, if a spillage took place that need a more thorough clean).

The business has the ability to produce very hot water and cold running water. As such it has the ability to ensure the operator remains clean and hygienic and that the cart remains cleaned to the highest of standards. The presence of the hand sink within the cart is of a major benefit in being able to maintain good hygiene practices.

Both partners held basic food hygiene certificates for previous roles and are very familiar with best practices. I worked as a public House Manager, have worked in coffee/sandwich shops and in a restaurant. My business partner has worked in a kitchen, manager of a bar/nightclub and worked for a private catering business. Alongside this experience both of us have researched up-to-date best practices and have undertaken on line unofficial tests and passed. If this is not sufficient then both myself and my business partner would be happy to undertake up-to-date tests and provide these for your perusal.

Storage of food and preparation

Any pastries sold will be provided fully cooked and sellable by the bakery. These will be provided on a daily basis and therefore be fresh every day. There is the potential that a small proportion of items (such as flap jack if we chose to stock such an item) would be retained for sale the following day if they are not sold on date of delivery. These would be contained in relevant containers with the date of

A12

delivery and the time spent on display clearly indicated so that we are able to track their use by dates for stock management and to dispose of them when appropriate.

There will be a very limited stock of sandwiches available. These will be made at home and sold from the cart. These sandwiches will be refreshed every day, and as such not be stocked for resale. If any are left over then we hope to use Plan Z Heros to be matched to a charity so that we can donate any of our leftover stock in an appropriate manner. Hopefully this will lead to us being a zero waste as far as food stock is concerned.

The reality is that we intend to only make 30 sandwiches at the maximum a day, but this number will initially probably begin at 10. We are a small business and we are a coffee business, we need to make sure that we are able to offer quality to each part of the service we do and as such are conscious that we do not try to undertake too many tasks. As such we do not anticipate that there will be any major issues as far as stock rotation, handling or storage goes. We have all the necessary tools and space to ensure that each part of the sandwich is fresh every day and any items not sold will be donated.

List of similar businesses

The list of businesses focuses solely on outlets selling coffee as a primary element of their business. Therefore the list will contain businesses like coffee houses and café's but not businesses such as public houses or popular fast food outlets. The location we have selected is next to many food and beverage businesses but many of these sell alcohol or alternate food/beverage options and the coffee element is a pure additional service to their reason to being in that location. Given that the coffee is only an additional revenue stream to these businesses and even if they didn't sell coffee they would still be there with their core business, we have not listed them. However, if it is felt that this is necessary then please let me know and this additional information will be provided.

Subject: Application confirmation for Food premises registration

Confirmation from Sheffield City Council

You've just submitted a **Food premises registration (Registration of a food business establishment)**.

Your application reference number is: **sheffield-340924**

Your application was submitted on 22-06-2016 17:10 and Sheffield City Council has been notified.

Assuming the form is valid they'll contact you with a decision by 01-08-2016.

If you haven't had a decision by this date you can assume it's been approved as tacit consent applies.

If you have any questions about your application please contact:

Sheffield City Council
Health Protection Service
2-10 Carbrook Hall Road
Carbrook
S9 2DB Sheffield
Phone: 0114 2734644

Hi David,

Thanks for clarifying, we didn't want to start off on the wrong foot by making a genuine mistake.

Kind regards
Sally

>
> 3. The mobile needs to be registered at the address where it is kept overnight. If allocated for inspection the officer will make enquiries as to where you trade either with yourself or licensing (you will need a street trading consent if in Sheffield) or other local authorities etc. if trading out of the city to try to ensure the inspection takes place when you are trading. This is normally on a spot check basis, but sometimes if there is any degree of food preparation in a domestic address this may be by 24 hours notice / appointment.

>
> 2 - if we are deemed "low risk" and it could take months to be inspected by yourselves what rating do we display so as not to be in breach of the food hygiene rating system, this is presuming we are able to trade at all.
>
> 3 - while I understand the point of an inspection would be to see it in real terms, not all spruced up for an inspection, as we are mobile how do you intend to inspect it if you aren't able to know where we are? Really not trying to be difficult, just worried the nature of the business will make that difficult and again take more time for an official inspection.

From: Anderson Anne (CEX) on behalf of licensingservice
Sent: 07 February 2017 11:00
To: Anderson Anne (CEX)
Subject: FW: Objection - street trading Barkers Pool

-----Original Message-----

From: H MCBRIDE [REDACTED]
Sent: 06 February 2017 15:19
To: licensingservice
Subject: Objection - street trading Barkers Pool

Ref: Application for Street Trading at Barkers Pool By : Sally Ford & Michelle Horne To Trade: Hot & Cold Drinks, sandwiches, confectionary, pastries & crisps

To whom it may concern

We wish to lodge a formal objection to the above proposed street vendor at Barkers Pool We are a long established local business: Sandwich Division, 22 Division Street, S1 4GF Owners - Dean & Helen McBride

As local business owners we feel it is totally unfair to grant permission for a permanent street vendor located just a few steps from our premises as they would be selling exactly the same product range as we offer in our shop. We are a Sandwich shop offering sandwiches, cakes, drinks and crisps. Our shop unit has been home to a Sandwich shop for over 20 years and established as Sandwich Division for 13 years. Since buying the business 4 & half years ago we have worked extremely hard to grow and develop the business, and as a result of the success achieved we now employ 5 local people. Our business comes from a mixture of regular customers who work in the local vicinity, local builders/tradesmen working on nearby projects, and footfall from shoppers/passers by. A large proportion of the above customers pass in front of City Hall and could potentially go to them instead of ourselves. As business people of course we are not afraid of a bit of healthy competition, indeed Simmonites the butchers virtually opposite us also sell sandwiches/drinks/crisps in addition to their core range of meat & fish and we are used to temporary food business in the local vicinity during events/half terms/tramlines etc. However our issue is that they will be there permanently - selling exactly what we sell, with almost identical opening/closing times and presumably at lower prices than us as they certainly wont have the same rent/business rates & running costs as our shop unit. Losing trade to this vendor puts our established business in jeopardy, and indeed the jobs of the local people we employ. This is why we object strongly.

In addition, this end of Division street has started to look much smarter with new shop fronts, taken up units and a diverse range on offer of different business types making it a more desirable area to give people a reason to walk up it. The permanent location of a 'food van' works against this totally lowering the look/appeal. Furthermore there is a big concern about litter rubbish in the area coming from the van.

When the local economic climate is tough, and Sheffield Council is trying to improve the appeal of Sheffield and develop it as a desirable city to visit, one would expect a local council to support small businesses not work against them. We do hope you take our objection seriously.

Yours Sincerely, Helen & Dean McBride

Dear Anne

The area in Barkers Pool, shown on the attached application and identified with an 'x' on the plan, has recently had a Bike Hire Docking Station placed there under licence by Sheffield University.

In addition to this there is an amount of existing street furniture in the vicinity.

The barrel and stock deliveries to Lloyds (Ex Wetherspoon's) are also taken from this area therefore an alternative location for street trading should be considered (see attached Street View).

I refer to the above and the application for the grant of a static street trading consent.

This matter has been referred to the Licensing Committee of Sheffield City Council for determination. Full details are provided in the report enclosed and to the Committee. The Licensing Committee has the authority to decide what action to take in relation to each application.

The Committee has indicated that it expects applicants and interested parties and objectors to attend the meeting.

The meeting in respect of the application will take place on **Tuesday 14th March 2017** in a Committee Room of the Town Hall, Sheffield, S1 2HH (Pinstone Street entrance) and you are invited to attend at **11:15 am**.

PLEASE NOTE:

I would be grateful if you could confirm that you will be attending the meeting by telephoning the Licensing Office on 0114 2734264.

Appendix D

Hearing Procedure

STREET TRADING CONSENT APPLICATION

SUB-COMMITTEE HEARING PROCEDURE

D1

This procedure has been drawn up to assist those parties attending Street Trading Consent Committee hearings.

1. The Chair of the Licensing Committee will introduce the Committee and ask officers to introduce themselves.
2. The Chair will ask the applicants and interested parties to formally introduce themselves.
3. The Solicitor to the Committee will outline the procedure to be followed at the hearing.
4. Hearing Procedure:-
 - (a) The Licensing Officer will introduce the report.
 - (b) Questions concerning the report can be asked both by Members and the applicant.
 - (c) The applicant/consent holder (or his/her nominated representative) will then be asked to:-
 - (i) detail the application;
 - (ii) provide clarification on the application and respond to the representations made.
 - (d) The Chair of the Licensing Committee will invite Members of the Sub-Committee and all other parties present to put any relevant questions to the applicant and/or his/her representative.
 - (e) Consultees / interested parties will be invited to present their representations or elect a spokesperson (which may be a Councillor) to speak on their behalf. New representations must not be raised.
 - (f) The Chair of the Licensing Committee will invite Members of the Sub-Committee and all other parties present to put any relevant questions to the consultees / interested parties.
 - (g) The consultees / interested parties will be invited to sum up. A maximum of 5 minutes will be allowed.
 - (h) The applicant will be invited to sum up. A maximum of 5 minutes will be allowed.
 - (i) The Licensing Officer will then detail the options.
 - (j) There will then be a private session for Members to take legal advice and consider the application.
 - (k) Once a decision has been reached, all parties will be invited to return. The Sub-Committee's decision and reasons will be announced by the Chair.
 - (l) The Sub-Committee's decision will be confirmed in writing to the applicant and those parties who made representations.

- NB:
- 1) At any time in the Licensing Process Members of the Committee may request legal advice from the Solicitor to the Committee. This advice may be given in open session or in private.
 - 2) The Committee Hearing will be held in public unless and in accordance with the Regulations the Committee determine that the public should be excluded.

There is no right of appeal against the Council's decision to refuse to grant or revoke a Street Trading Consent.
