ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its executive or any committee of the executive, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest (DPI)** relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Audit and Standards Committee in relation to a request for dispensation.

Further advice can be obtained from Gillian Duckworth, Director of Legal and Governance on 0114 2734018 or email gillian.duckworth@sheffield.gov.uk.

(Please tick the box to confirm)

4. Details of association of the above premises with serious crime, serious disorder or both:

[Please read guidance note 2]

The premise can be associated with serious crime, the circumstances are as follows:-

At 6.27pm on Tuesday 21st February 2017 a warrant was executed by police officers at the premise following intelligence gathering with regards to drug dealing at the premise. Under a police operation named as 'Op Leake', the premise has been identified as being key for drug activity and anti social behaviour around the Fitzalan Square area of the City. Also present at this time was a police licensing officer and a Trading Standards officer.

On entering the premise from both the front and rear entrance, officers saw three males stood behind the counter area of the shop/takeaway. At this time there were no customers inside.

The male nearest the rear door to the premise was stood in a corner holding in one hand, what are described as 'dealer scales'. At this time he was stood next to some metal containers whereby two bags of suspected cannabis bush was recovered.

A full search of the premise took place with the assistance of a drugs dog and handler. Further drugs paraphernalia were recovered inside the premise including approximately 30 small plastic bags inside a large cardboard box, there was also a box which appeared to have the remnants of cannabis bush. A cannabis air filter was found in the upstairs mezzanine area. Also in this area 79 packets of illegal tobacco were found hidden.

Upstairs in the premise was a room which had an appearance of being a small bedroom with a mattress and duvet, this looked as though it had recently been slept in.

Officers searching around the till area behind the counter found what is described as an adapted table leg into an offensive weapon. The piece of wood had been slightly carved at one end and a leather strap threaded through adapting it into a hand strap with the other end having a screw through it giving the appearance of a large baton.

The male member of staff was arrested on suspicion of possession of Class B drugs with intent to supply. At this time he was in possession of two mobile phones and refused to provide officers with any pin numbers for the phones which were subsequently seized.

The three members of staff were identified, one being the premise licence holder, Mr Azhar HUSSAIN. Of concern was the presence of a 15 year old child who informed that he had arrived in the UK alone from Afghanistan and currently living with foster parents. The third male at this time is currently remanded in custody and under an ongoing investigation.

The arrested male was searched on arrival into custody and was found to have secreted in his jeans pocket a tennis ball which had been covered in black tape. There was a slit through the middle and recovered inside the tennis ball were two small plastic 'dealer' bags, one contained what is suspected to be crack cocaine and the other suspected to be heroin. He is due to be interviewed today in custody in relation to possession of both Class A and Class B drugs with intent to supply.

When Mr HUSSAIN was asked about the 15 year old male he informed that he was doing work experience at the premise and his foster parents were aware of this. Officers took the child to his home address and spoke with his foster parents who had no knowledge of his attendance at the premise and they had believed that he was at Meadowhall. He was left in their care and further enquiries are being made by the police into this matter.

Mr HUSSAIN stated that the male who was under arrest had worked at the premise a while but denied any knowledge of the drugs recovered. Mr HUSSAIN will be interviewed in due course in relation to these matters and trading standards officers will interview him with regards to the illegal tobacco recovered. The Designated Premise Supervisor (DPS), Mr Nasir MAHMOOD was not present at the premise although Mr HUSSAIN stated that he had been during the day and sometimes visited every 2-3 days.

No further update can be provided in relation to the above at this time as the investigation is still ongoing from last night's events.

Police Licensing spoke with Mr HUSSAIN in relation to the conditions on his premise licence. This was a follow up to a previous joint visit to the premise on the 20th December 2016 with the Council Licensing Team and Sheffield Safeguarding Officer.

At the meeting on the 20th, we discussed with Mr HUSSAIN that there had been information that underage persons were purchasing cigarettes and alcohol from the premise. Mr HUSSAIN denied this, he was asked about the age policies at the premise.

Present on that occasion (20th) was Mr HUSSAIN and another male working in the takeaway area. This male has been identified as the same male that has been arrested during the execution of the warrant. During the visit Mr HUSSAIN was asked if the DPS was present. There was some avoidance in answering this question and it was difficult to ascertain whether or not they had any contact with the DPS but they stated that he did call in at the premise although they could not provide a contact number for him. Eventually the male member of staff who had been on his phone provided us with a number for the DPS.

The Safeguarding Officer requested to see refusal logs after Mr HUSSAIN stated that he did use one and carried out the Challenge 25 age policy. Unfortunately he was unable to find his refusal or incident logs. We asked to view the CCTV system as per licence condition and were told that the system had a PIN number that only the DPS had the number for. We requested that the PIN number should be obtained as soon as possible from the DPS so that footage can be viewed if requested by the authorities.

Both members of staff during the visit were quite evasive when asked questions in relation to the DPS and policies which should be in place at the

premise as per the premise licence conditions. They were informed that a further licensing visit would take place.

As a follow up, enquiries were made by the Council Licensing Team with regards to the named DPS on the licence. It transpired that the premise had been operating without a current DPS for approximately 9 months. On the 11th of January 2017 an application was submitted for the transfer of a new DPS named as Mr Nasir MAMOOD who is the current DPS at the premise.

At a later date Mr HUSSAIN was provided by Safeguarding and SYP with the relevant logs discussed at this meeting and given details of free safeguarding training.

On discussion with Mr HUSSAIN on the 21st February 2017 he was again unable to provide refusal logs and incident logs stating that he has too many refusals to write them down. Again there were found to be breaches of the premise licence conditions on this occasion.

From records in our possession we can report the following incidents are linked to the premise:-

At 15.09hrs on 14th February 2017 a report is made that the premise are dealing drugs from the back window where males are regularly seen coming to the back window, envelopes being passed around and 'street drinkers' smoking weed outside.

At 15.39hrs on 2nd January 2017 caller reporting that there is an ongoing issue on the street with street drinkers in the area which have been reported a number of times. A male had been kicking the main door to the students residence, shouting verbal abuse. Caller reported that the shop sells alcohol where a lot of people tend to congregate and caller suspects that the shop also sells drugs,

At 23.31hrs on 9th December 2016 report received from a member of the public reporting that a male was being aggressive and abusive towards staff and customers. The male was described as being well in drink and being hostile and threatening to the caller and he was reportedly intoxicated through drink or drugs. On police arrival the male had left, the owner of the shop was not overly concerned by the male, just wanted him removing as feared it would disrupt trade and other customers.

A further call relating to the same male was received at 00.41hrs on 10th December 2016 reporting that the male had returned again and was arguing with a customer. On speaking to the member of staff there were no complaints on this occasion.

At 22.48hrs on 13th November 2016 a 999 call received from a member of the public stating that four people were fighting next to the S1 takeaway. Although caller was some distance away they reported that males appeared to be black and had seen them punching and kicking each other. CCTV viewed the incident, although no fighting could be seen at that time, two males did appear to be agitated, a female was nearby. This was monitored throughout, on police attendance no one spoke to them directly, no complaints or confirmed offences.

At 21.33hrs on 10th November 2016 information was received that people are

smoking cannabis and have said they buy it from the S1 Food Bar.

At 13.58hrs on 27th October 2016 call received stating that students had reported to caller that they have seen three Asian males drug dealing outside S1 Food Bar in the last 15-20minutes. The group have been seen handing over parcels to people and then accepting a large wad of cash. The three males have then gone back into the takeaway.

At 19.29hrs on 14th October 2016 a call was received from the premise reporting a group of four to five people outside the shop in drink. Described as black males between 25-30 years. This happens regularly, almost everyday, sometimes they move on, sometimes they don't and often return the same evening. Business hours 1200-0300hrs, problems normally occur before 2100hrs. The caller was advised not to serve these people with alcohol as this is just encouraging them to congregate.

At 00.03hrs on 11th October 2016 an anonymous call was made to the police reporting that they had just witnessed what was believed to be drug dealing inside S1 Food Bar. Caller had seen three black males enter the takeaway and shake hands with two of the customers. Caller saw that when they shook hands they exchanged items in their hands. Described as black males, aged between mid 20's to late 30's.

At 12.46hrs on 5th October 2016 the gas company executed a warrant at the premise that morning as the owner owed £2000 in bills. The owner was not happy about this and was contacting his nephew.

At 14.37hrs on 30th September 2016 caller reporting that staff were unhelpful at the premise when they spoke to them about youths hanging around the the location of the premise. The male youths were described as around 16-18years of age in a group of 6/7, had whistled at caller and started to gather around him. Caller stated that he had felt intimidated by this group and left the area in his vehicle.

At 15.32hrs on 23rd September 2016 caller reported that there was information that the owners of S1 Food Bar were dealing drugs from the shop.

The above information is submitted for consideration due to the seriousness and South Yorkshire Police would be looking to the Licensing Board Committee for suspension of the premise licence during the interim period which includes the sale of alcohol and late night refreshment.

Present on that occasion (20th) was Mr HUSSAIN and another male working in the takeaway area. This male has been identified as the same male that has been arrested during the execution of the warrant. During the visit Mr HUSSAIN was asked if the DPS was present. There was some avoidance in answering this question and it was difficult to ascertain whether or not they had any contact with the DPS but they stated that he did call in at the premise although they could not provide a contact number for him. Eventually the male member of staff who had been on his phone provided us with a number for the DPS.

The Safeguarding Officer requested to see refusal logs after Mr HUSSAIN stated that he did use one and carried out the Challenge 25 age policy. Unfortunately he was unable to find his refusal or incident logs. We asked to view the CCTV system as per licence condition and were told that the system had a PIN number that only the DPS had the number for. We requested that the PIN number should be obtained as soon as possible from the DPS so that footage can be viewed if requested by the authorities.

Both members of staff during the visit were quite evasive when asked questions in relation to the DPS and policies which should be in place at the premise as per the premise licence conditions. They were informed that a further licensing visit would take place.

As a follow up, enquiries were made by the Council Licensing Team with regards to the named DPS on the licence. It transpired that the premise had been operating without a current DPS for approximately 9 months. On the 11th of January 2017 an application was submitted for the transfer of a new DPS named as Mr Nasir MAMOOD who is the current DPS at the premise.

At a later date Mr HUSSAIN was provided by Safeguarding and SYP with the relevant logs discussed at this meeting and given details of free safeguarding training.

On discussion with Mr HUSSAIN on the 21st February 2017 he was again unable to provide refusal logs and incident logs stating that he has too many refusals to write them down. Again there were found to be breaches of the

premise licence conditions on this occasion.

From records in our possession we can report the following incidents are linked to the premise:-

At 15.09hrs on 14th February 2017 a report is made that the premise are dealing drugs from the back window where males are regularly seen coming to the back window, envelopes being passed around and 'street drinkers' smoking weed outside.

At 15.39hrs on 2nd January 2017 caller reporting that there is an ongoing issue on the street with street drinkers in the area which have been reported a number of times. A male had been kicking the main door to the students residence, shouting verbal abuse. Caller reported that the shop sells alcohol where a lot of people tend to congregate and caller suspects that the shop also sells drugs,

At 23.31hrs on 9th December 2016 report received from a member of the public reporting that a male was being aggressive and abusive towards staff and customers. The male was described as being well in drink and being hostile and threatening to the caller and he was reportedly intoxicated through drink or drugs. On police arrival the male had left, the owner of the shop was not overly concerned by the male, just wanted him removing as feared it would disrupt trade and other customers.

A further call relating to the same male was received at 00.41hrs on 10th December 2016 reporting that the male had returned again and was arguing with a customer. On speaking to the member of staff there were no complaints on this occasion.

At 22.48hrs on 13th November 2016 a 999 call received from a member of the public stating that four people were fighting next to the S1 takeaway. Although caller was some distance away they reported that males appeared to be black and had seen them punching and kicking each other. CCTV viewed the incident, although no fighting could be seen at that time, two males did appear to be agitated, a female was nearby. This was monitored throughout, on police attendance no one spoke to them directly, no complaints or confirmed offences.

At 21.33hrs on 10th November 2016 information was received that people are smoking cannabis and have said they buy it from the S1 Food Bar.

At 13.58hrs on 27th October 2016 call received stating that students had reported to caller that they have seen three Asian males drug dealing outside S1 Food Bar in the last 15-20minutes. The group have been seen handing over parcels to people and then accepting a large wad of cash. The three males have then gone back into the takeaway.

At 19.29hrs on 14th October 2016 a call was received from the premise reporting a group of four to five people outside the shop in drink. Described as black males between 25-30 years. This happens regularly, almost everyday, sometimes they move on, sometimes they don't and often return the same evening. Business hours 1200-0300hrs, problems normally occur before 2100hrs. The caller was advised not to serve these people with alcohol as this is just encouraging them to congregate.

At 00.03hrs on 11th October 2016 an anonymous call was made to the police

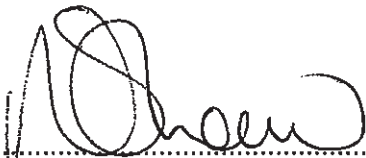

reporting that they had just witnessed what was believed to be drug dealing inside S1 Food Bar. Caller had seen three black males enter the takeaway and shake hands with two of the customers. Caller saw that when they shook hands they exchanged items in their hands. Described as black males, aged between mid 20's to late 30's.

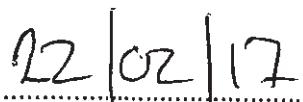

At 12.46hrs on 5th October 2016 the gas company executed a warrant at the premise that morning as the owner owed £2000 in bills. The owner was not happy about this and was contacting his nephew.

At 14.37hrs on 30th September 2016 caller reporting that staff were unhelpful at the premise when they spoke to them about youths hanging around the the location of the premise. The male youths were described as around 16-18years of age in a group of 6/7, had whistled at caller and started to gather around him. Caller stated that he had felt intimidated by this group and left the area in his vehicle.

At 15.32hrs on 23rd September 2016 caller reported that there was information that the owners of S1 Food Bar were dealing drugs from the shop.

The above information is submitted for consideration due to the seriousness and South Yorkshire Police would be looking to the Licensing Board Committee for suspension of the premise licence during the interim period which includes the sale of alcohol and late night refreshment.

**WITNESS STATEMENT OF
Police Inspector Neil Mutch**

I am a Police Inspector for South Yorkshire Police stationed at Snig Hill Police Station, Sheffield.

My previous role was based within the Sheffield Central Safer Neighbourhood Area (SNA). Under the new restructure I currently perform the role of Sheffield Central Local Policing Team (LPT) Neighbourhoods Inspector.

My primary geographical locations of responsibility include Sheffield City centre, Broomhall, Kelham Island, Broomhill and parts of Ecclesall Road, all of which are areas of the Sheffield Central LPT.

Since performing the above roles one of main areas of responsibility is to address Crime and Anti-Social Behaviour (ASB) within the aforementioned locations, which includes begging, substance misuse through alcohol and drugs, vulnerable adults and children and activity in and around licensed premises.

Fitzalan Square led me to specifically authorise the use of this power in the Fitzalan Square area during the day to disrupt anti-social behaviour in that area on a number of occasions throughout the summer.

On Tuesday 21st February 2017 a warrant was executed by police officers at a premise known as S1 Food Bar and Off Licence located at 12, Fitzalan Square, Sheffield. This was following intelligence gathering with regards to drug dealing at the premise. The premise had been identified as being key for drug activity and anti-social behaviour around the Fitzalan Square area.

From records in my possession, I can report that the following incidents have been reported and linked to this premise:-

I am a police community support officer employed by south Yorkshire police authority currently stationed at Snig Hill police station in Sheffield. I am directed to regular patrols in Fitzalan Square Sheffield city centre for the Anti Social Behaviour, street drinking, drug dealing and drug using that is taking place in the Square and outside S1 Food Bar and Betfred, one of the squares betting shops. There is a core of about twenty males who congregate at this location, aged between 18 and 70 years. They are the cause of most of the issues in the square through their drinking, drunken behaviour, drug dealing, drug taking and intimidating behaviour.

On a regular basis we come across young vulnerable girls hanging around outside the S1 Food Bar and Fitzalan Square. The girls are generally aged between 14 and 20 years. They are associating with the males and being exposed to drug usage and drinking to excess. Most of the females that have frequented the square are known to police to be at risk of Sexual Exploitation and it is real concern when they are sighted in the area, as they seem to be drawn by what is on offer in the square. One such example happened on 24/06/16 in Fitzalan Square when I spoke to a 17 year old vulnerable female I know. She was frequenting Fitzalan Square and S1 Food Bar and associating with the male street drinkers of all ages that hang around the square. She was given advice not to frequent the area and hang around with the street drinkers as she is 17 years of age and the street drinkers also associating with the drug users and sellers. Despite this advice, she was seen again at that location again on 16/06/16. On 26/06/16, due to her ignoring the advice and putting herself at risk, a Parental Advisory Letter had to be issued to her parents

advising them of her association and other partner agencies were also informed, for example social services, such were our concerns.

Another example happened on 17/08/16 at 16.40hrs on Esperanto Place in Sheffield City Centre I spoke with two vulnerable females aged 18 and 19, both of whom had a history of being at risk of Child Sexual Exploitation. They were sat with the older street drinkers, exposing themselves to the drug taking and dealing. The girls really stood out as they were both young well, presented females, sat with dishevelled, alcoholic males. One of the females visited the square on a daily basis and often went into the S1 Food Bar. She would spend up to two hours in the location. We made real efforts with this female and interacted with her at every opportunity to prevent her from returning. Eventually we were successful.

On Wednesday 11/01/2017 at 15.35hrs when out on patrol in Fitzalan Square I saw a group of street drinkers in company with a 15 year old female who is known to be at risk of Child Sexual Exploitation. Again I intervened to try and remove this vulnerable female from the risk she was entering into.

Drug dealing is also a big problem in and around the square. For example, on 23/09/2016, I dealt with a report of drug dealing taking place in Esperanto place, Fitzalan Square Sheffield city centre, at the rear of S1 Food Bar. The witness gave a detailed description of what they had witnessed and the fact they witnessed it on a regular basis at this location. They stated on this occasion that they had witnessed packages being passed between people from the rear of the S1 Food Bar.

I have spoken to many legitimate service users of the square who have experienced intimidation by the groups hanging about outside S1 Food Bar. They have been offered drugs for sale, become the victim of theft, had inappropriate comments made, asked for cigarettes, asked for money or just been intimidated by the large groups that hang around.

I am also aware that there is student accommodation above Belfred and S1 Food Bar. The entrance to this accommodation is very close to the door of the S1 food Bar. I am aware that the owner of the building has fitted a metal door to the student accommodation to prevent damage caused by the groups hanging around. I am also aware that a lot of students use a rear fire escape to enter the building so that they avoid the

group hanging around the S1 Food Bar. I am aware the students go to the length of phoning each other to be let into the building via the rear fire escape such is their desire to avoid this group.

Respondent

**WITNESS STATEMENT OF
Andrea MARSDEN**

I am a civilian Licensing Enforcement Officer, within South Yorkshire Police. I have worked in this role for approximately 7 years. As part of my role, I am responsible for dealing with licensing matters at premises within the Sheffield area.

At 12.50pm on Tuesday 20th December 2016 I attended at the premise together with Julie Hague (Sheffield Safeguarding Children's Board), Emma Rhodes and Georgina Hollis (Council Licensing Officers). The purpose of the visit was to speak to the management as Ms Hague had received reports of underage people attending the premise and obtaining alcohol and cigarettes from the shop.

Present at the premise were two staff, one stated that he was the premise licence holder, Mr Azhar HUSSAIN and the other worked in the takeaway area of the premise, he was identified as [REDACTED]. We asked if the Designated Premise Supervisor (DPS) was present. There was some avoidance in answering this question and it was difficult to ascertain whether they had any contact with the DPS who was named on the licence as [REDACTED]. They were

unable at the time of asking to provide a phone number for the DPS but stated that he did call in at the premise.

Eventually after [REDACTED] had been on his phone he provided the Council Officer with a number for the DPS.

Ms Hague explained the information in relation to the young persons, we asked to see the refusal logs after Mr Hussain stated that they do use one and carry out the Challenge 25 age policy scheme. Unfortunately, he was unable to find the refusals log or the incident log.

I asked to view the CCTV system as per licence condition, apparently the system has a pin number that only the DPS, [REDACTED] has so we were not able to view the CCTV. I explained that if Mr Hussain was working more often than not at the premise and [REDACTED] was not, then he should ensure that he obtains the pin number asap as if an incident happened at the premise then the footage would not be able to be viewed. He stated that he would get the pin number and we explained that a further visit would be made to the premise to ensure that this had been done.

During this visit it appeared that both members of staff were quite evasive when asked questions in relation to the DPS and systems which should be in place as per the premise licence conditions.

At the time of the visit, [REDACTED] provided us with his personal e-mail address so that the relevant documents could be e mailed to him and he would pass on to Mr Hussain.

At 9.24am on 22nd December 2016 I e-mailed a full information pack through to [REDACTED] requesting that he pass the information to Mr Hussain. This pack included refusal logs, incident logs, safeguarding children information and a patrol record and to ensure that they were completed in compliance of the premise licence conditions and good practice.

I am aware that the Council Licensing Team made some follow up enquiries in relation to the named DPS, [REDACTED] and it transpired that the premise had been operating without a current DPS for approximately 9 months. On the 11th of

B11

January 2017 we received an application for the transfer of a new DPS named as Mr Nasir MAMOOD who is the current DPS at the premise.

A follow up visit was not carried out due to intelligence gathering under the police operation named as 'Op Leake'.

At 6.27pm on Tuesday 21st February 2017 I was present whilst a warrant was executed by police officers at the premise.

Present at this time behind the shop counter was the premise licence holder, Mr Azhar Hussain, a member of staff [REDACTED] and a 15 year old male.

Officers carried out a search of the premise and a male present in the premise was subsequently arrested for possession of class A and class B drugs with intent to supply.

I spoke with Mr Hussain in relation to the conditions on his premise licence whilst at the premise following on from the joint visit on the 20th December 2016.

Mr Hussain was again unable to provide refusal logs and incident logs stating that he has too many refusals to write them down. Again, there were found to be breaches of the premise licence conditions on this occasion.

On the 22nd of February 2017 I prepared an application for the review of the premise licence due to the serious crime linked to the premise.

I believe that the contents of this statement are true and I understand it may be placed before the court.

I also understand that the contents of this statement may be shared with agencies working in partnership with the South Yorkshire Police.

I am A/PS 3229 SZYMCZAK of South Yorkshire Police and I am based at SNIG HLL POLICE STATION. On TUESDAY the 21ST of February 2017 I was on duty in full uniform and at 18:29 hours I attended at S1 Food Bar, Fitzalan Square, Sheffield in company of other officers to execute a warrant under Section 23 of the Misuse of Drugs Act 1971.

My entry into this property was gained by the rear door as other officers had gone through the front door, then came, and let me in. S1 food bar is a ground floor unit within a tower block in a city centre square. The front of the shop faces Fitzalan square and as you enter, the shop there is a customer area with some seating and fridges, which is sectioned off by a counter. Behind the counter is the till, alcohol and grills before the rest of the outlet goes towards the back door, which is used for preparation, toilets and access to the basement or balcony. At the rear of the premises, which was being used to store alcohol and other goods were two sets of stairs. One set went down into the basement, which held stored food and fridges and a spiral staircase going to a balcony, which was used for storage. The rear door to the premises was a metal door, this door leads to a parking area on Esperanto way.

As I entered through the rear door I immediately saw a male who I now know to be [REDACTED] [REDACTED] trying to conceal something in the corner of the rear store area by the door. As I approached him, I could see that he was stood right next to a Metal Tub, which had a blue bag sticking out of it, and had some small dealer type scales in his left hand. I asked him to

Continuation of statement of Scott Szymczak
 stop what he was doing and put everything on the side, which he was hesitant to do. I then took hold of his hand, placed the scales on the side and placed [REDACTED] in handcuffs in the front stack position. I then escorted him to the front of the shop and sat him in the customer seating area with the other occupants. As I did this [REDACTED] phone started to ring and he pulled it out his pocket. I then asked for the phone from him, which he refused to do and said he was turning it off. I then took hold of the phone, which [REDACTED] still had hold of and asked him to let explaining that it would be seized. [REDACTED] still refused and tried to pull the phone out of my hand. Eventually after explaining again that the phone would be seized and that he wouldn't use it and that I would be taking it from him [REDACTED] eventually let go of the phone. This phone is exhibited as [REDACTED]. The phone also had the number [REDACTED] on it.

Present at the time of executing the warrant were the following people;

[REDACTED] – who stated that he worked at the location and was a relative of the owner

AZAHAR HUSSAIN [REDACTED] – who stated he was the owner of the shop

[REDACTED] – who was a 15 year old child, who initially said AZAHAR was his uncle, but after further inquiries it turned out that he was an Afghan national who is living with foster parents who were not aware of him being at the location.

The occupants were all gathered in the customer seating area while the search was completed. Before starting the main search a drugs dog had been asked to come and assist and his handler did a search of the property. He then reported to me that the dog had indicated on the storage container next to where [REDACTED] had been standing when I had arrived, along with on some containers in the basement and another on the balcony upstairs.

At 18:56 I was allocated to search the back area of the store logged as E, which was where [REDACTED] was standing on my arrival. In this corner there was a Metal tub, which I could see

contained a bag in the flap and another bag inside of it, and where the drugs dog had indicated on. Whilst searching this area I seized and exhibit the following items;

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

At 19:20 I concluded my search in area E and handed the exhibits to PC Hill. I had also informed PC Briggs of what I had found whom subsequently arrested [REDACTED]

At 19:20 I then started a search of the food preparation area behind the counter of the premises. Whilst searching this area I found a Hoody, which contained a Bus Pass in the name of [REDACTED] which matched the name given by the child found at the premises, and he confirmed it belonged to him. A colleague also located a wooden bat behind the till area of the counter. I have photographed and exhibited this as [REDACTED]

After concluding the search, I spoke to [REDACTED] who was 15 years old male and found behind the counter when we executed the warrant. He told me that he knew the owner and that he was doing some work experience over the school holidays but gave no further details. HUSSAIN then told me that he knew his foster parents and they had asked if he could do some work experience in the shop. [REDACTED] was then taken back to his home address by two PCSO's who reported back to me, that his foster parents were totally unaware that he was at the takeaway and they were under the impression that he was at meadowhall.

I am a Police Constable in South Yorkshire Police currently stationed at Snig Hill Police Station, Sheffield.

I am currently working as part of the Sheffield West Neighbourhood team as part of Operation DENT. This has been in place since the Summer of 2016 and has steadily grown as we progressed as a team.

We are responsible for the city centre, Broomhall and the Abbeydale / London Road corridor. Our aims and objectives are to prevent crime and anti-social behaviour through targeted actions, build better and more effective partnership working, problem solve the highest priority issues through evidence based practice and protect vulnerable people.

Specifically I am responsible for the city centre through Operation DENT and for over 10 years I have been based in Sheffield city centre.

Fitzalan Square in the city centre has been plagued in recent months and years by a large group of predominantly males who hang around the square and attach themselves to the local shops, off licenses, and bookmakers.

This group can start to muster at around 1130-1200 and be present right through past midnight and can number up to 30 adults when it is at its worst and on days where the weather is not so good single figures.

There are two premises that open past midnight on the square with one being the amusement and the other being S1 Food Bar and this group migrate straight to the S1 food bar or hang around outside until it finally closes.

They are involved in anti-social behaviour which can included excessive drinking and fighting that comes with it, will often be stood smoking cannabis and other substances which have now been defined as psychoactive and street drug dealing. This area is also a place where young and vulnerable people are found that are missing either from home or at risk of exploitation.

Although the group are predominantly stood in the square itself, which is a pedestrianized area, they attach themselves to specific premises that surround it.

One of these is the S1 Food Bar 12 Fitzalan Square which sits at the topside of the square. Entry to this premises can also be gained at the rear which is accessed from Esperanto Place, which runs off Fitzalan Square.

S1 Food Bar is a takeaway restaurant and after obtaining an alcohol license sells this along with cigarettes and confectionary.

The premises also sits within the city centre designated alcohol restriction area whereby restrictions are placed on individuals who are found drinking alcohol in the street whilst being part of, or involved with anti-social behaviour.

During my time within the city centre and specifically in the past 6 months I have observed known nominals that have been involved heavily in anti-social behaviour congregating outside the S1 food Bar. This also includes people who have been convicted of drug dealing, fighting and serious assaults and acquisitive crime.

I have also witnessed a female whom child abduction notices have been served due to her suspect involvement in child exploitation hanging outside and inside the premises and has been with a female at risk of exploitation.

I have spoken with the management company of the building next door to the S1 Food Bar. This building is rented accommodation for students. The management company have had regular reports of drug dealing outside the front door to S1 and at the rear where packages and money have been witnessed to be exchanged first-hand. Students have reported to them that they often feel intimidated trying to get into their accommodation as the groups that stand outside the S1 spill over and block their main entrance door. Reports have also been made to the management company and myself that when entering or leaving the accommodation they are approached by people outside the S1 asking if they want to purchase drugs, this has also happened at the rear of the premises.

Signature:

Signature Witnessed by:

Continuation of Statement of: Paul BRIGGS

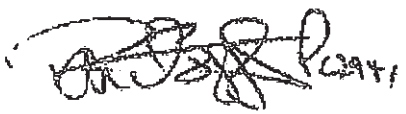

The management company have expressed their frustration with the S1 bar because students can be picked up and dropped off by parents and one bad review on any housing forum can mean a substantial financial loss, as each student brings in around £4000-4500 per year for each student renting their accommodation. They have also had to spend more money on extra security as a result of what is going on at the front and rear to S1 and in Fitzalan Square, having new doors and CCTV fitted.

More recently, I have executed a drugs warrant at the S1 Food bar whereby a 15 year male was found in the premises, claiming that he was doing work experience, and when taken home to foster carers they knew nothing about this. Class A & B drugs and counterfeit tobacco were also recovered. There was also evidence that people had been sleeping on the premises.

One male was arrested and is currently on bail with another male to be interviewed in due course.

As a result of this an expedited review was taken over the premises license and this has currently been suspended along with their late night food license pending a hearing.

I have spoken with people time and time again stood outside the S1 Food Bar who have been in a intoxicated or drugged state and I have taken alcohol from people. This also includes speaking with staff inside asking them not to serve to the group and reminding them that it is an offence to sell alcohol to a person who is drunk.

I have witnessed people coming and going from the S1 Food bar on regular occasions and have not been in receipt of any food throughout the day and night.

Although Fitzalan Square attracts a group of individuals involved in anti-social behaviour, crime and disorder so too does the S1 Food Bar and if anything are a major contributor to it. They do nothing to discourage the group from hanging outside the front of their shop and are clearly part of the anti-social behaviour, crime and disorder that occurs there regularly.

I am a constable with South Yorkshire Police currently based at Snig Hill Police Station, Sheffield as part of Operation DENT.

On Wednesday 22nd February 2017, I was on duty in full Police uniform in company with P.C. 1020 HILL when at approximately 1600hrs on this date we had cause to attend at the S1 Food Bar, 12 Fitzalan Square, Sheffield S1 2AY. The purpose of us attending at this location was to obtain CCTV footage between certain times on the 21 February 2017, upon our arrival at the location we met a male I know to be [REDACTED] I know [REDACTED] due to previous dealings with him in the previous twenty-four hours prior to us attending on this day, we attended at the rear door of the property and [REDACTED] invited us in.

At this point, I saw approximately four pieces of used cling film scattered about on top of a large silver coloured potato peeler, which was positioned at the foot of an iron staircase just inside the rear door of the property. I recognise these pieces of cling film as the same shape and size as what is used to wrap around illegal drugs. The location of these cling film pieces is exactly where, the day before officers' have found a large quantity of Cannabis.

Continuation of Statement of: Alan Frederick LE-BILLON PAYNE

I spoke with [redacted] and asked him to assist us downloading the CCTV footage we required, [redacted] stated, "I DON'T KNOW HOW TO OPERATE THE SYSTEM, YOU'LL HAVE TO COME BACK TOMORROW WHEN THE BOSS IS IN."

I asked him when the boss would be back but he wouldn't give a direct answer, in my opinion [redacted] was being uncooperative. I told him that due to us not being able to download the footage on this day we would return the following day and to ensure someone was present on the premise to assist us.

Upon my return to Snig Hill Police Station I spoke with P.C. 2874 CONNOR who I know to be competent in obtaining CCTV footage from several different systems, I requested him to attend the S1 Food Bar and obtain the necessary footage.

On the 24th February 2017, I received an e-mail from P.C. 2874 CONNOR outlining his efforts to obtain the CCTV footage. P.C. 2874 CONNOR stated he'd attend the Food Bar at approximately 2335hrs on the 23rd February 2017 and he also was met by [redacted] P.C. 2874 CONNOR stated he felt [redacted] was being uncooperative. Due to this, P.C. 2874 CONNOR attempted to locate and download the required footage however, there was no footage recorded between the times footage was required. P.C. 2874 CONNOR made the assumption that the footage may well have been wiped due to there being plenty of footage saved on the system, before and after the times we were looking at.

Dear Sirs

APPLICATION FOR AN EXPEDITED REVIEW OF THE PREMISES LICENCE: S1 FOOD BAR AND OFF LICENCE, 12 FITZALAN SQUARE, SHEFFIELD S1 2AZ

I am writing to make a representation on behalf of the Safeguarding Children Board (SSCB) as the Responsible Authority for the protection of children from harm under the Licensing Act 2003. The reason for the representation is that the above premise has been evidenced to operate in a way that undermines the core objective for the protection of children from harm, under the Licensing Act 2003.

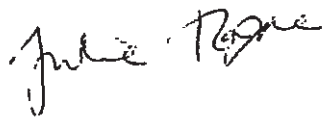

The Safeguarding Children Board has attempted to work in partnership with the premises licence holder, Mr Hussain, in the past, in an attempt to improve the operational standards at the premises following complaints being referred to the Safeguarding Children Board, that the premises was selling alcohol to children and young people. Whilst the Safeguarding Children Board does not retain records prior to 2012, I can confirm from memory having met Mr Hussain several times and witnessed him at the training, that Mr Hussain has been provided with information, training and practical materials to assist with the age verification scheme and promotion of the licensing objectives.

In December 2016 I received information from a colleague in a children's specialist service, reporting that children and young people were able to buy high risk products illegally at the premises. In response to this, I arranged a multi-agency visit to the premises on 20.12.16, please find attached my witness statement which provides further information about this visit.

The Safeguarding Children Board takes a serious view of premises failing to demonstrate due diligence in relation to the prevention of underage sales. The premises is sited near the transport interchange and frequented by children and young people and the Safeguarding Children Board is concerned that the licence holder has failed to comply with the law or uphold the core objective for the protection of children from harm.

In light of the above, the Safeguarding Children Board would ask the Licensing Sub Committee to take positive action to address the safeguarding concerns presenting at this premise.

Yours sincerely

I have been employed as the SSCB Licensing Project Manager since 2005. My role involves Consultant to the University of Bedfordshire's Alexi Project; Consultant to the National Working Group for Tackling Child Sexual Exploitation; and working in partnership with statutory agencies and other organisations including local businesses, to promote legal and social responsibility in relation to safeguarding children. This includes promoting the objectives set out in the Licensing Act 2003 and Gambling Act 2005. When premises operate in a way that exposes children and young people to risk of harm, I am responsible for identifying strategies to safeguard children and young people and reduce risk.

On Tuesday 20th December I visited the S1 premises, at 12.50pm . Andrea Marsden (South Yorkshire Police Licensing Officer), Emma Rhodes and Georgina Hollis (Licensing Authority Enforcement Officers) were also in attendance. I had arranged this as an unannounced multi-agency visit in response to information passed to me by a children's specialist service worker who had reported that alcohol and cigarettes were being sold underage at S1 premises and that cannabis was being sold to young people 'from under the counter'. The purpose of the visit was to check what safeguarding systems were in place at the premises and to ensure the management were complying with the requirements of the premises licence.

On entering the premises there were two adult male staff in the shop. One was who I know to be Mr Azhar HUSSAIN, the premise licence holder who was behind the counter and the other was working in the rear takeaway area of the premise. This person identified himself as Mr Ali JAVAD. When we asked if Mr AFSAR, the Designated Premise Supervisor (DPS) was available, Mr Hussain and Mr Javad were unclear in their response and appeared reluctant to answer. After a few moments, they said that they were unable

to contact him or provide a phone number, however they stated that the DPS did sometimes call in at the premises. Whilst the age verification scheme and premises licence were being checked, Mr JAVAD was on his mobile phone and was able to produce for my colleagues Ms Rhodes and Ms Hollis, a phone number of the Designated Premises Supervisor, Mr AFSAR.

I then proceeded to explain to Mr HUSSAIN the reason for our visit in relation to allegations regarding underage tobacco and alcohol sales and I asked Mr HUSSAIN to confirm that he had already attended the Safeguarding training for licensed operators as I recalled him from dealing with him in the past. In the past I have had cause to visit the premises and meet with Mr HUSSAIN in response to allegations about underage sales of alcohol and I remember seeing Mr HUSSAIN also on the safeguarding in licensing training which I deliver. Mr HUSSAIN confirmed that he had already attended the training. I asked Mr HUSSAIN if he recalled that the premises was required to have a written risk assessment for safeguarding along with staff training and a designated safeguarding lead. Mr HUSSAIN stated that he was aware of this from previous advice and training. Mr JAVAD also stated that he had attended the training approximately 4 years ago. The training attendance records are retained for 5 years and I have checked these back to 2012. Whilst there is no record of Mr HUSSAIN or Mr JAVAD attending I do remember Mr HUSSAIN attending the course prior to 2012.

I then asked to check the age verification scheme documentation and other due diligence materials. Mr HUSSAIN stated that the Challenge 25 scheme operates and that a refusals log and an incident log is maintained. When I asked to see the refusal and incident logs, Mr HUSSAIN was unable to produce either the refusals log or the incident log. He was not able to produce a safeguarding risk assessment. I noted that in response to my colleagues' request to view the CCTV, staff at the shop were unable to access the CCTV system as they did not know the PIN number. Ms Marsden advised Mr HUSSAIN and Mr

JAVAD regarding this and that a further visit would be undertaken by the police to check compliance with this licence condition.

When I asked for the contact details of Mr AFSAR, the DPS, so that I could inform him of the verbal advice I had issued to Mr HUSSAIN as the licence holder, Mr JAVAD gave me his own email address and asked that I use this for correspondence. I was subsequently provided with a postal address of c/o 17 Molloy Place, Sheffield S8 9QP by my colleagues in the Licensing Authority.

On 20th December 2016, I emailed a bundle of safeguarding materials including age verification posters, refusals logs and a risk assessment along with 2 letters by email to Mr JAVAD and sent the same documentation by post to Mr AFSAR the DPS at 17 Molloy Place and copied this to Mr HUSSAIN at 76 Park Grange Crescent, Sheffield. One letter was to invite the premises management on to the safeguarding training to refresh their safeguarding knowledge and the other was to confirm the verbal advice issued to Mr HUSSAIN and Mr JAVAD on 20th December 2016. The training took place on 15th February 2017 and I confirm that no one from the premises attended the training or otherwise made contact with me.

In January 2017 I was informed by the Licensing Authority that the premises had been operating without a DPS for approximately 9 months.

On 1st February 2017 I was informed by David Fenn, Environmental Health Officer, that during an inspection of the premises 2 mattresses had been found in the large basement food store room. Mr Fenn told me that he asked staff what the mattresses were for but no

explanation was given. Mr Fenn provided me with the contact details at the premises which were Azhur HUSSAIN and Ali JAVAID.

On 22nd February 2017 I was informed by Andrea Marsden, SY Police Licensing that a warrant had been executed the day before at the premises and that a 15 year old male had been behind the counter with Mr HUSSAIN and Mr JAVAD. During the warrant execution and at the time the 15 year old child was present a male was arrested for possession of class A and class B drugs with intent to supply. I was informed also that the child is a vulnerable child known to Children's Social Care.

Dear Licencing Committee

I would like to confirm my support for the licence review application of **S1 Food Bar, Fitzallan Square Sheffield**. to prevent further criminal activity and to protect children from harm from the availability of illegal tobacco. I ask the committee to consider the information below as impacting evidence for why a revocation is required.

Smoking is still the single biggest killer. In Sheffield smoking kills 16 people a week.. It is estimated that 5 children start smoking every day in Sheffield. Tobacco is an addiction that begins in childhood. The majority of people begin smoking as teenagers, 67% before age 18 and 84% by age 19 very few start post twenty-one years. Smoking is a major cause of inequalities in death rates between the richest and poorest in the city. Illicit tobacco, which is typically smoked by poorer individuals, is exacerbating these health inequalities.

The availability of cheap and illicit undermines the effectiveness of efforts to reduce smoking with measures, such as raising the age of sale to 18 and picture health warnings on packaging are rendered less effective. Illicit tobacco is often available at cheaper prices (£3 per pack in some of our communities), undermining the effectiveness of taxation, making it harder for smokers to quit and ex-smokers to relapse. Illegal tobacco is available from a range of sources (houses, business premises) and worryingly makes it easier for children to start smoking and enabling them to become hooked at a young age.

In addition, cheap and illicit tobacco harms honest local businesses. The illicit tobacco trade is often part of organised criminal activity and is linked to a range of other illegal trades including alcohol and DVD production, people-trafficking and drug smuggling and terrorism.

In 2013–14 HMRC collected £9.5 billion in tobacco duty, helping to fund vital government services including tobacco control interventions¹. Tobacco smuggling costs over £2 billion in lost revenue each year that could be spent on these services.

In 2000, the illicit market share for cigarettes was 22 per cent and 61 per cent for hand-rolling tobacco. Her Majesty's Customs & Excise introduced a strategy to tackle the problem. The problem remains significant however in 2013–14, the illicit market shares were 10 per cent for cigarettes and 39 per cent for hand-rolling tobacco.

In Sheffield a local litter pick data (Nov 2015) indicates that of the 1360 tobacco packs collected 34.2% were classified as cheap and illicit (C&I) (24% smuggled, 9% bootlegged and 4% counterfeit) and 63.3% genuine. The Sheffield estimate is almost three times higher the national market share. Therefore we need to use every measure available to us to address this issue and remove cheap and illicit tobacco from the streets of Sheffield.

Making tobacco less affordable is proven to be an effective way of reducing the prevalence of smoking and is identified by the current government as a key work strand in the 'Healthy Lives, Healthy People: a Tobacco Control Plan for England'ⁱⁱ report. It has been shown by the World Health Organisation (WHO) that with every 10% rise in price reducing smoking prevalence will reduce by 4%ⁱⁱⁱ

Tackling the supply of and demand for illicit tobacco is a key component of the Sheffield Tobacco Control Strategy aimed at reducing smoking prevalence amongst adults, children and pregnant women.

Yours sincerely

Licensing Sub- Committee Decision

Record of proceedings of Sheffield City Council Licensing Sub Committee hearing held on 23rd February 2017

Decision of the Licensing Sub Committee – 23rd February 2017, S1 Food bar and Off Licence, 12 Fitzalan Square, S1 2AZ

This was a meeting to consider whether or not interim steps under section 53B of the Licensing Act 2003 are necessary pending the determination of the review applied for.

South Yorkshire Police submitted an application for summary review with the required certificate on 22nd February 2017.

The application is made by the Chief Officer of Police is of the opinion the premises are associated with serious crime.

Members considered the application. In the written statement the Police detail that the premises has been identified as being key for drug activity and anti social behaviour around Fitzalan Square.

Officers entered the premise on a warrant at 6.27pm on 21st February and suspected drugs were seized along with drug paraphernalia. Illegal tobacco was also found in addition to an adapted table leg fashioned into an offensive weapon.

On the premises were 3 members of staff, one a 15 year old boy living with foster parents. The licence holder told the police that the boy was undertaking work experience and that his foster parents were fully aware. On checking this with them they did not know this and thought that he was at Meadowhall.

It is stated that the DPS visits the premises every 2-3 days.

A number of historical incidents and visits were also detailed including a visit with Safeguarding where compliance with licence conditions were checked. The premises could not access the CCTV system, nor could they provide any refusal or incident logs. It also came to light that the premises had been operating without a DPS for 9 months and a new DPS application was made on 11th January 2017.

Members then considered the application as a whole and looked at the most recent incident and determined that there was evidence to show that the premises is associated with serious crime.

Members decided that, on the evidence provided, it was necessary to take interim steps in order to promote the licensing objectives. Members then considered what steps to take and looked at whether or not conditions could be imposed which would deal with the problems immediately.

Members took into account the suspected drugs and drug paraphernalia on the premises alongside illegal tobacco and underage children. They also considered the licence condition breaches with a lack of refusal log and no access to CCTV and the fact that there had been no DPS for 9 months and the current DPS is only at the premises every few days. Members considered that no conditions could deal with the problems immediately and that suspension of all licensable activities pending the full review was the appropriate and proportionate interim step required to be taken in this instance.

The premises licence holder may make representations against the interim steps taken by the Licensing authority. There is no time limit for making representations and on receipt of the representations the Licensing Authority must hold a hearing within 48 hours of receipt. (Please note that only working days are counted in the 48 hour period)
