5. APPROVAL OF THE SOUTH EAST LAC COMMUNITY PLAN 2022-23

She began by outlining the purpose of the South East LAC, gave an overview of the demographic of the South East area and discussed the budget available for the South East area. Jayne gave an overview of the breakout groups which would be taking place, connected to issues raised by residents in the South East in previous LAC meetings. Jayne discussed a number of issues which had been raised by those living in the South East, including

speeding vehicles, a lack of speed limits, fear of crime, social isolation, lack of confidence in the Police, challenges experienced when using the 111 number and the decline in community groups following the pandemic. Jayne encouraged members of the public to feed into the delivery plan for the Community Plan and asked that those in the break out rooms make suggestions on how this plan might be implemented best.

5.2 Pat Knox wanted to ask a question regarding the LAC. He said he had seen figures which indicated that 25% of those living in the area were living in deprivation, and he wished to express his sadness at this. He asked how the £100,000 budget compared to other LAC budgets. Secondly, regarding speeding he asked whether the speeding review in Mosborough ward had produced any results yet. Nik Hamilton responded to question one and stated that each LAC had been given £100,000. Jayne Foulds responded to question two and stated that the consultation had recently closed. She said there had been around 282 responses which were being compiled and which would be shared at a later date. Mr Knox asked whether information had been gathered on how many of those who were living in deprivation had taken part in the consultation. Jayne Foulds stated that this information had not been recorded.

5.3 RESOLVED: That the South East Community Plan 2022-23 be approved.

5.4 Breakout sessions took place on the subjects of Community Safety and Crime, Transport and Highways and Environment.

6. PUBLIC QUESTIONS AND PETITIONS

6.1 A statement was made to reconsider and reverse the decision to introduce a Lidl store at the corner of Rotherham Road. The questioner stated that there were already 15 food stores in the area, and they added that Rotherham Council had objected to the introduction of this store and had suggested a different site to the one proposed. The questioner stated that requests had been made to the Planning Committee before a decision was made. They said that residents had not been invited to provide feedback on the proposals. Councillor

Downing stated that he would refer this to the Planning Committee and said that he acted as a Substitute Member of the Planning Committee. He stated that issues other than the number of stores already in the area would need to be raised in order to prevent the building of the store.

- 6.2 A question was asked regarding staff costs for the running of the LAC, and how much of the £100,000 LAC funding went towards this. Councillor Downing said an answer would be provided on this. Nik Hamilton stated that the cost of staff did not come from the £100,000 given to each LAC.
- 6.3 A question was asked regarding representation at LACs. The questioner asked what had been done since the previous LAC to widen engagement with young people and those from deprived areas. The questioner asked what measurements were being used to consider the effectiveness of the LAC. Jayne Foulds stated that there had been engagement with community forums, and she added that she had taken various suggestions on how to go out and encourage engagement. Councillor Denise Fox stated that the schools had recently put together a Youth Council and she suggested that they be invited to the next LAC either to participate or observe. Jayne stated that there could perhaps be Key Performance Indicators to try to measure the success of the LAC, and she stated she was open to suggestions from members of the public.
- 6.4 A question was asked regarding the possibility of the LAC meetings operate as hybrid meetings. Nik Hamilton stated hybrid meetings were on the agenda but added that the process was challenging. Alex Polak stated that the Council was working to introduce meeting types made more familiar throughout the pandemic and added that the process might take time.

7. TRANSITION TO COMMITTEES

7.1 Alex Polak, Assistant Director of Legal and Governance, was in attendance to give an overview of the Council's Transition to Committee process. Alex gave an overview of the Council's existing system before outlining the new Committee System being introduced.

7.2 Alex stated that the LACs would report to the Full Council meeting and would operate alongside the policy committees. He added that the role of LACs would not change as part of the Committee System.

7.3 Alex said that decision making would encourage all Councillors to consider the benefit to the public and the voice of residents when making any decision.
