PUBLIC ACCESS TO THE MEETING

Local Area Committees engage, enable, and empower communities across the city with increasing control over decision making, marking a major shift in power to communities. The Committees provide a geographical framework that, over time, will be used to prioritise and direct the local delivery of an increasing number of Council services and oversee the production of a co-produced annual Area Committee Plan which will reflect resident priorities.

A copy of the agenda and reports is available on the Council's website at www.sheffield.gov.uk. You may not be allowed to see some reports because they contain confidential information. These items are usually marked * on the agenda.

Members of the public have the right to ask questions or submit petitions to Area Committee meetings and recording is allowed under the direction of the Chair.

Please see the [website](#) or contact Democratic Services committee@sheffield.gov.uk for further information regarding public questions and petitions and details of the Council's [protocol on audio/visual recording and photography](#) at council meetings.

Local Area Committee meetings are normally open to the public but sometimes the Committee may have to discuss an item in private. If this happens, you will be asked to leave. Any private items are normally left until last.

Local Area Committee executive decisions are effective six working days after the meeting has taken place, unless called-in for scrutiny by the relevant Scrutiny Committee or referred to the City Council meeting, in which case the matter is normally resolved within the monthly cycle of meetings.

In order for us to be able to effectively facilitate attendance at the meeting, we would encourage all attendees to notify us of your attendance in advance by contacting the [Area Committee Team](#) or emailing committee@sheffield.gov.uk

It is recommended that you wear a face covering in crowded and enclosed spaces where you come into contact with people you don't normally meet. We also encourage washing or sanitising your hands frequently - hand sanitiser will be provided. Please do not attend if you test positive for Covid-19 or if you are experiencing any Covid-19 symptoms.

If you require any further information please contact email committee@sheffield.gov.uk.

ADVICE TO MEMBERS ON DECLARING INTERESTS AT MEETINGS

If you are present at a meeting of the Council, of its Policy Committees, or of any committee, sub-committee, joint committee, or joint sub-committee of the authority, and you have a **Disclosable Pecuniary Interest** (DPI) relating to any business that will be considered at the meeting, you must not:

- participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business, or
- participate in any vote or further vote taken on the matter at the meeting.

These prohibitions apply to any form of participation, including speaking as a member of the public.

You **must**:

- leave the room (in accordance with the Members' Code of Conduct)
- make a verbal declaration of the existence and nature of any DPI at any meeting at which you are present at which an item of business which affects or relates to the subject matter of that interest is under consideration, at or before the consideration of the item of business or as soon as the interest becomes apparent.
- declare it to the meeting and notify the Council's Monitoring Officer within 28 days, if the DPI is not already registered.

If you have any of the following pecuniary interests, they are your **disclosable pecuniary interests** under the new national rules. You have a pecuniary interest if you, or your spouse or civil partner, have a pecuniary interest.

- Any employment, office, trade, profession or vocation carried on for profit or gain, which you, or your spouse or civil partner undertakes.
- Any payment or provision of any other financial benefit (other than from your council or authority) made or provided within the relevant period* in respect of any expenses incurred by you in carrying out duties as a member, or towards your election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

*The relevant period is the 12 months ending on the day when you tell the Monitoring Officer about your disclosable pecuniary interests.

- Any contract which is made between you, or your spouse or your civil partner (or a body in which you, or your spouse or your civil partner, has a beneficial interest) and your council or authority –
 - under which goods or services are to be provided or works are to be executed; and
 - which has not been fully discharged.

- Any beneficial interest in land which you, or your spouse or your civil partner, have and which is within the area of your council or authority.
- Any licence (alone or jointly with others) which you, or your spouse or your civil partner, holds to occupy land in the area of your council or authority for a month or longer.
- Any tenancy where (to your knowledge) –
 - the landlord is your council or authority; and
 - the tenant is a body in which you, or your spouse or your civil partner, has a beneficial interest.
- Any beneficial interest which you, or your spouse or your civil partner has in securities of a body where -
 - (a) that body (to your knowledge) has a place of business or land in the area of your council or authority; and
 - (b) either -
 - the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
 - if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which you, or your spouse or your civil partner, has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

If you attend a meeting at which any item of business is to be considered and you are aware that you have a **personal interest** in the matter which does not amount to a DPI, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. You should leave the room if your continued presence is incompatible with the 7 Principles of Public Life (selflessness; integrity; objectivity; accountability; openness; honesty; and leadership).

You have a personal interest where –

- a decision in relation to that business might reasonably be regarded as affecting the well-being or financial standing (including interests in land and easements over land) of you or a member of your family or a person or an organisation with whom you have a close association to a greater extent than it would affect the majority of the Council Tax payers, ratepayers or inhabitants of the ward or electoral area for which you have been elected or otherwise of the Authority's administrative area, or
- it relates to or is likely to affect any of the interests that are defined as DPIs but are in respect of a member of your family (other than a partner) or a person with whom you have a close association.

Guidance on declarations of interest, incorporating regulations published by the Government in relation to Disclosable Pecuniary Interests, has been circulated to you previously.

You should identify any potential interest you may have relating to business to be considered at the meeting. This will help you and anyone that you ask for advice to fully consider all the circumstances before deciding what action you should take.

In certain circumstances the Council may grant a **dispensation** to permit a Member to take part in the business of the Authority even if the member has a Disclosable Pecuniary Interest relating to that business.

To obtain a dispensation, you must write to the Monitoring Officer at least 48 hours before the meeting in question, explaining why a dispensation is sought and desirable, and specifying the period of time for which it is sought. The Monitoring Officer may consult with the Independent Person or the Council's Standards Committee in relation to a request for dispensation.

Further advice can be obtained from David Hollis, Interim General Counsel by emailing david.hollis@sheffield.gov.uk.

4. PRESENTATION ON THE CULTURAL STRATEGY FOR SHEFFIELD

4.1 Rebecca Maddox (Head of Business Development, Culture) gave a presentation on the proposed new Cultural Strategy for Sheffield to the Local Area Committee (LAC) and members of public in attendance.

4.2 Rebecca Maddox explained that: -

- Culture is about how we all live.
- Culture is the people of Sheffield's creativity, knowledge, traditions and passions.
- Culture improves our quality of life, wellbeing and sense of place. It drives our economy.

4.3 The previous Sheffield City Council Cultural Strategy came to an end in 2013. In September 2022 Sheffield City Council adopted a strategy created by Sheffield Culture Collective as an interim, recognizing that a co-created Cultural Strategy for Sheffield needed to be developed for the longer-term.

4.4 A good cultural strategy is based on listening to cultural organisations, creatives, communities and partners. It creates ownership, direction, priorities and profile, and drives change.

- 4.5 Rebecca Maddox explained how the new Strategy would help Sheffield. It was explained that the cultural sector, communities and partners like South Yorkshire Combined Mayoral Authority will create an agreed strategy therefore we are all moving in the same direction. The Strategy will help hear from quieter voices and diverse communities. It was added that Sheffield misses out on national funding due to a lack of clarity and profile, and the Strategy will help with this. It would also be a way to shout about the talents, diversity and creativity of the city.
- 4.6 Rebecca Maddox mentioned that the next steps would be for Sheffield City Council to recruit some skilled consultants as she is the only permanent culture staff member. The consultants will build on best practice from other cities and the views of the residents of Sheffield. She added that Information gathered from this workshop session will be added into the mix, with more opportunities to get involved through LACs once the consultants were in place.
- 4.7 The process was anticipated to take approximately 6-8 months therefore Sheffield's new Culture Strategy was expected to be published sometime in Autumn 2023.
- 4.8 In response to a public question, Rebecca Maddox mentioned that Sheffield has a large number of smaller individual creatives, some more middle-sized organisations and then only a small number of larger organisations such as Sheffield Theatres and Sheffield Museums. Rebecca Maddox believed that the Arts Council should consider funding more Sheffield organisations and creatives.
- 4.9 A Member of the public commented on how public consultation was a key part of the process. Rebecca Maddox agreed with this comment.
- 4.10 In response to a public question, Rebecca Maddox gave a brief update on 4 projects included in the Collective Strategy.

S1 ArtSpace at Park Hill has been successful with Levelling Up Funding and the project is continuing to develop.

Harmony Works Music Education Centre has also gained Levelling Up Funding and will achieve their project with a mix of funding sources.

Tinsley Art Project is being reworked within budget and more information would be released shortly.

Future plans for the Central Library Building are being considered by Officers and Members. A decision is needed on whether the Library and Graves Gallery will continue to share the building, based on feasibility assessments.

- 4.11 In response to a public question, Rebecca Maddox explained that consultants would need use various platforms to hear from those quieter voices in the city. It would be beneficial to use networks already in place to consult with Sheffields on the strategy. She added that she welcomed any ideas on how to reach quieter voices in Sheffield.
- 4.12 Councillor Brian Holmshaw mentioned that he had worked in heritage education for the past 20 years therefore he knew first hand of the issues being raised at the meeting. He agreed that consultation was a key part of the process but recognised that it needed to be more about engagement, especially with those middle-sized and smaller organisations. He welcomed discussing this in more detail within the workshop session.

5. PRESENTATION BY CITY MOTIVES UK

- 5.1 Tashinga Matewe (City Motives UK & Nhaka Yedu) gave a presentation on empowering younger people in the City to the Local Area Committee and members of the public in attendance.
- 5.2 Tashinga Matewe informed attendees that she was a Youth activist, Youth Mentor, Basketball Coach and Poet.
- 5.3 Tashinga Matewe read one of her poems. It was as follows: -

Generation Z

*Generation you, generation me, generation us generation we are
so much more than just a generational label,
We are here to enable those who are unable to be free,
Those who have dreams just like you and me
But are silenced by the loud sirens of society, unrightfully.
And it hard, when they look at us and say that our futures are bleak
and scarred because we do not fit into
the mould that they themselves are.*

*But we're unique, the true stars,
We are a new start, a new art*

*We may be 40% of the present but we're 100% of the future
No, Not just a new generation but a new revolution, the solution of
the pollution that has suffocated humanity
A remedy for the harsh degree of misery that has plagued our very
own nations
A cure for the infestation of hate, rage and a series of imprecations.*

But don't be mistaken,

*We're more than just "the youths"
We're more than just the under 25s
The adolescents tryna thrive
Hoping to stay civilised as we navigate our daily lives*

*Nah
We are the missing element to pave the way to true development
The generation to generate Change
The generation to penetrate minds and
Break ties
With the negativity and inequalities that ends lives*

*See it's our fight
Our journey, our legacy, our pride
and no we're not too young to make a change
Because we're not too young to feel the pain
And we're not too young to be named blame
Of a broken system with a virus that Riggs the game*

*Gender inequalities, racial abuse, hate crime to my LGBTQs plus
All the things that are in the news
Like poverty and climate change
And we're filled with rage
At the wars that are fought in vain
Our Society is in pain*

*But that's not what we stand by, that's not our behaviour
Because Generation z, we are the saviours*

*So whatever you're passionate about I want you to shout about with
brave and bold conviction
Because your voice is powerful and that's fact not a matter of
opinion
Don't believe them when they say that you aren't right
Just believe me when I look into your eyes
And I tell you that you've got this
I've got this, we've this*

*We're gonna save the day and pave the way to the rest of our lives
Rescuing multiple lives and saving the future of humanity
because this is the golden generation
Generation Z
Generation you, generation me, generation us
generation we will make a change*

- 5.4 Tashinga Matewe explained that she had been involved in youth work for since she was 17 years old, she was now 22 years of age. Since then, she has carried out many roles such as being a youth ambassador for South Yorkshire Police as part of a inspiring youth project. She mentioned that she saw a divide from the youth and

people who had resources to help younger people make a change.

- 5.5 Tashinga Matewe mentioned that she had lost three friends due to knife crime, gun crime and suicide. She felt after these terrible events there was not much support for younger people and those effected. She also stated that more activities and opportunities needed to be provided to younger people in the city to help prevent these events from happening. This was why City Motives and Nhaka Yedu was created.
- 5.6 Tashinga Matewe described some of the events that City Motives had put on for younger people in the city. She mentioned how these events gave younger people to platform to be creative and place to feel safe.
- 5.7 It was stated that a key issue that needed to be improved was fixing the dialogue between younger people and the older generation. She also stated that council meetings could be advertised more as she believed that younger people was not engaging as much as they did not know that these meetings took place. She added that people in the city stereotyped younger people and blamed them for issues such as anti-social behaviour and that was unfair and needed to stop.
- 5.8 Tashinga Matewe shared a slide that showed artists and athletes who were from Sheffield and Zimbabwe.
- 5.9 Councillor Maleiki Haybe thanked Tashinga for her attendance and representing thousands of people in Sheffield. He asked that when members of the public were in the workshop session, to think of what Tashinga had shared with them and how they can help all the younger people who Tashinga had represented at the meeting.
