A proposed work programme is attached at appendix 1 for the Committee's consideration and discussion

The proposed work programme aims to focus on a small number of issues, in depth. This means that the Committee will need to prioritise which issues will be included on formal meeting agendas. In doing this, the Committee may wish to reflect on the prioritisation principles attached at appendix 2 to ensure that scrutiny activity is focussed where it can add most value.

Where an issue is not appropriate for inclusion on a meeting agenda, but there is significant interest from members, the Committee can request written briefings or presentations outside of formal scrutiny meeting time.

---

**The Scrutiny Committee is being asked to:**

- Comment on the proposed work programme
  - Identify priorities for inclusion on agendas
  - Identify items for written briefings
-

## Selecting Scrutiny topics

This tool is designed to assist the Scrutiny Committees focus on the topics most appropriate for their scrutiny.

- **Public Interest**  
The concerns of local people should influence the issues chosen for scrutiny;
- **Ability to Change / Impact**  
Priority should be given to issues that the Committee can realistically have an impact on, and that will influence decision makers;
- **Performance**  
Priority should be given to the areas in which the Council, and other organisations (public or private) are not performing well;
- **Extent**  
Priority should be given to issues that are relevant to all or large parts of the city (geographical or communities of interest);
- **Replication / other approaches**  
Work programmes must take account of what else is happening (or has happened) in the areas being considered to avoid duplication or wasted effort. Alternatively, could another body, agency, or approach (e.g. briefing paper) more appropriately deal with the topic
