-

Healthier Communities and Adult Social Care Scrutiny and Policy Development Committee 2016/17

Chair: Cllr Pat Midgley

Deputy Chair: Cllr Sue Alston

Remit of the Committee: Local NHS Services and Health Service Commissioning, Local Health Services, including the power of referral to the Secretary of State for Health, Public Health, Health Inequalities, Adult Social Care and support, Adult Safeguarding

Highlights from the work of the Committee in 2016/17 include:

Shaping Sheffield: The Plan – this place based plan was considered at a special meeting in February 2017. The committee expressed concerns about the plan and established a Members Working Group to further examine the document as presented and make recommendations to be forwarded to Sheffield Place Based and Director Leads. This committee can choose to include ongoing progress of Shaping Sheffield: The Plan in its work programme 2017/18.

Public Health Strategy – considered on two occasions, first the draft Public Health Strategy in September 2016 and then in April 2017. In September the committee raised issues for inclusion such as Dental Health, particularly Children, language of the strategy, consideration of public health issues in determining licensing and planning applications, the city's healthy life expectancy reducing and expressly that. In April the committee undertook a more in-depth consideration of the final strategy, including the featured principle in the strategy of Health in All Policies, there was an ask of scrutiny to inform 'where to focus energy first?' in the 10 areas highlighted in the public health strategy.

Community Pharmacy: national contract changes – this item responded to issues of concern regarding a changing landscape for community pharmacy and impact in Sheffield. Matters highlighted were future fairness and inequality of pharmacy provision across the city, with a possible reduction in Community Pharmacy in the city. The Committee heard from both NHS England and Community Pharmacy Sheffield. NHS England indicated there would be minimal impact on patient health in Sheffield and an assessment of local progress on the Community Pharmacy Contract changes in Sheffield will be shared with the committee.

APPENDIX A: Scrutiny Annual Report 2016-17 – HC&ASC Scrutiny and Policy Development Committee Draft Content

CQC Visits to GP Reports – Sheffield Clinical Commissioning Group (CCG) shared outcomes of the Care Quality Commission (CQC) inspection visits to Sheffield based General Practices. Sheffield CCG reflected on their activity to resolve issues identified through inspection. The committee heard Sheffield CCG was proactive on quality and works with a practice on how it could improve. Not all General Practices in Sheffield had been inspected at the point of consideration, and a further report will be made available for the committee when complete.

Adult Safeguarding – Following agreement last year to develop the relationship between Healthier Communities and Adult Social Care Scrutiny and Policy Development Committee and Adult Safeguarding, committee members attended a special training and awareness session provided by Sheffield Adult Safeguarding Board Chair and Head of Quality and Adult Safeguarding.

Scrutiny of Health activity outside of work programme

Commissioners Working Together Joint Health Overview and Scrutiny Committee - Cllr Pat Midgley represents Sheffield City Council on this Committee it meets in relation to the Commissioners Working Together Collaborative and Health Service Change in South and Mid Yorkshire, Bassetlaw and North Derbyshire. It is focussing on two NHS service reconfigurations - Hyper Acute Stroke Services; and Children's Surgery and Anaesthesia. Sheffield Healthier Communities and Adult Social Care Scrutiny and Policy Development Committee receive updates on activity. A Commissioners Working Together Joint Health Overview and Scrutiny Committee has met four times this year and is scheduled to meet in June 2017.
