				<p>response received from the previous owner. Meeting to take place between Team Managers to discuss whether it is expedient to enforce. 03/05/2016 - Letter has been sent to previous owner of property asking to confirm when the use began. 26/10/15 – 3 unauthorised containers and one caravan have now been removed from the land following the serving of an EN. One caravan remains that is being used as residential accommodation. This is considered to be a breach of planning control by way of the unauthorised change of use of the land from agricultural to residential. To be immune from enforcement action the landowner must show that the land has been used continuously for residential purposes for 10 years or more. A letter is to be sent to the previous owner seeking further information regarding the history of the use of the caravan.</p> <p>16/1/15– The Council withdrew the EN & its interest in the Public Inquiry due legal advice (from Council's Barrister). This is due to significant steps taken by the owner /appellant to remedy the issues covered by the EN. Step included removal of Two containers (containers 1 & 3) & one of the caravans (caravan B). The decision is also due to the late submission of evidence on behalf of the appellant (a few days before the Inquiry) in relation to residential caravans (caravan B was already removed but A remains).</p> <p>29/1/15 – Noted by officers on site that container 3 removed from land & container 4 has now been relocated to a position between two existing farm buildings, removing planning objections to it (on visual grounds).</p> <p>The only issue remaining is residential caravan A.</p> <p>21/4/15 - Legal advice being taken in relation to caravan A Appeal lodged & Public Inquiry to be held 20/1/15. EN served 16/4/14, requires removal of 2 caravans & 4 containers.</p>
