SAFEGUARDING IN SHEFFIELD

The Annual Report provides information on the safeguarding work undertaken in Sheffield and gives a sense of the positive difference this work makes to children and young people who are most at risk of abuse and neglect.

Reporting to the CYPF Scrutiny Committee is one of the ways in which the Safeguarding Board informs the people of Sheffield about the work that we do and how we are accountable to them. The Safeguarding Board is keen to encourage and further develop links with the people of Sheffield to raise the profile of safeguarding and to listen to what people think about our work and what our priorities should be.

Every child and young person in Sheffield should be able to grow up free from the fear of abuse or neglect. Sheffield Safeguarding Children Board is committed to improving the safety of all children and young people in Sheffield. If children are not safe, they cannot be healthy, happy, achieve or reach their full potential. We recognise and promote the concept that keeping children safe is everybody's responsibility.

The objectives of Local Safeguarding Children Boards are set out in s.13 of the Children Act 2004 as;

- Coordinate what is done by each person or body represented on the Board for the purpose of safeguarding and promoting the welfare of children in the area
- To ensure the effectiveness of what is done by each such person or body for those purposes

This is defined by the core functions of;

- Developing local procedures and policies
- Communicating the need to safeguard and promote the welfare of children, raising awareness of how this can best be done and encouraging practitioners, agencies and the public to take the required action
- Participating in local planning of services for children in Sheffield
- Undertaking reviews of serious cases and advising the authority and Board partners on lessons to be learnt
- Undertaking reviews of child deaths to identify any concerns or patterns affecting the welfare and safety of children and ensuring the correct procedures are in place to provide a coordinated multi-agency response
- Monitoring and evaluating the effectiveness of what is done by partners individually and collectively to safeguard and promote the welfare of children and advise them on ways to improve
- Assessing whether Board partners are fulfilling their statutory obligations under s.11 of the Children Act 2004
- Monitoring and evaluating the effectiveness of training
- Producing and publishing an Annual Report on the effectiveness of safeguarding in the local area

During 2017-18 the specific initiatives have been;

- Ensuring there is ongoing effective safeguarding delivery and scrutiny during the government review and subsequent changes to Local Safeguarding Children Boards that will take place over the next 18 months (Children and Social Work Act)
- Building on the joint transitions programme with Adult Safeguarding to ensure that our most vulnerable young people receive the right help and support as they move into adulthood
- Ensuring that children and young people's emotional health and well-being is a priority and meets their needs
- Ensuring the multi-agency Safeguarding Hub is operating successfully and children and young people are being effectively safeguarded
- Developing an effective safeguarding response into Teenage Partner Abuse
- Launching the Joint NSPCC/SSCB campaign 'It's not ok' for professionals, children and young people, parents and carers about sexual abuse and sexual exploitation

We are now developing our business plan for 2018-19 and our priorities will include;

- Developing alongside key partners in South Yorkshire Police, CCG and the Local Authority new safeguarding arrangements for the city in line with the Children and Social Work Act. This will include a review of partnerships, challenge and scrutiny, funding and governance
- Continuing to develop the participation framework to ensure the voice of children and young people influence service planning and delivery
- Developing a contextual safeguarding system to respond to the needs of vulnerable young people in the city
- Developing a shared partnership approach across adult and children's safeguarding to address parental mental health and the impact on parenting
