Section 1 Standard Selection Questionnaire

1.1 Selection Questionnaire

Organisations must complete the supplier organisation details and questions below. RMBC may request evidence of the documents upon award.

Potential Supplier Information and Exclusion Grounds: Part 1 and Part 2.

The standard Selection Questionnaire is a self-declaration, made by you (the potential supplier), that you do not meet any of the grounds for exclusion¹. If there are grounds for exclusion, there is an opportunity to explain the background and any measures you have taken to rectify the situation (we call this self-cleaning).

A completed declaration of Part 1 and Part 2 provides a formal statement that the organisation making the declaration has not breached any of the exclusions grounds. Consequently we require all the organisations that you will rely on to meet the selection criteria to provide a completed Part 1 and Part 2. For example these could be parent companies, affiliates, associates, or essential sub-contractors, if they are relied upon to meet the selection criteria. This means that where you are joining in a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Sub-contractors that you rely on to meet the selection criteria must also complete a self-declaration (although sub-contractors that are not relied upon do not need to complete the self-declaration).

Supplier Selection Questions: Part 3

The procurement document will provide instructions on the selection questions you need to respond to and how to submit those responses. If you are bidding on behalf of a group (consortium) or you intend to use sub-contractors, you should complete all of the selection questions on behalf of the consortium and/or any sub-contractors.

If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay we reserve the right to amend the contract award decision and award to the next compliant bidder.

Consequences of misrepresentation

If you seriously misrepresent any factual information in filling in the Selection Questionnaire, and so induce an authority to enter into a contract, there may be significant consequences.

You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

¹ For the list of exclusion please see https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/551130/List_of_Mandatory_and_Discretionary_Exclusions.pdf

Notes for completion

1. The “authority” means the contracting authority, or anyone acting on behalf of the contracting authority, that is seeking to invite suitable candidates to participate in this procurement process.
2. “You” / “Your” refers to the potential supplier completing this standard Selection Questionnaire i.e. the legal entity responsible for the information provided. The term “potential supplier” is intended to cover any economic operator as defined by the Public Contracts Regulations 2015 (referred to as the “regulations”) and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all questions are completed in full, and in the format requested. If the question does not apply to you, please state ‘N/A’. Should you need to provide additional information in response to the questions, please submit a clearly identified annex.
4. The authority recognises that arrangements set out in section 1.2 of the standard Selection Questionnaire, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may be subject to change and will, therefore, not be finalised until a later date. The lead contact should notify the authority immediately of any change in the proposed arrangements and ensure a completed Part 1 and Part 2 is submitted for any new organisation relied on to meet the selection criteria. The authority will make a revised assessment of the submission based on the updated information.
5. For Part 1 and Part 2 every organisation that is being relied on to meet the selection must complete and submit the self-declaration.
6. All sub-contractors are required to complete Part 1 and Part 2. Not applicable
7. For answers to Part 3 - If you are bidding on behalf of a group, for example, a consortium, or you intend to use sub-contractors, you should complete all of the questions on behalf of the consortium and/ or any sub-contractors, providing one composite response and declaration.

The authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named customer contact, other than to the Cabinet Office and/or contracting authorities defined by the regulations, or pursuant to an order of the court or demand made by any competent authority or body where the authority is under a legal or regulatory obligation to make such a disclosure.

The following questions relate to the Council's key business requirements and are designed to establish your organisation's understanding and proposals for how you will deliver them.

All answers must be provided on this template.

Please do not include attachments unless specifically requested in the question. Any attachments which are not requested will not be evaluated and will not be taken into account when scoring. Please ensure that any requested attachments clearly indicate the question they refer to.

Please ensure you have read the evaluation criteria for all question as set out in the Invitation to Tender Part One, Section 3. Evaluation Criteria, and that you are aware how bids will be evaluated.

Safeguarding

Safeguarding children and vulnerable adults is everyone's responsibility. It is an important role that must be embedded into organisations that come into contact with children, young people and vulnerable adults. Safeguarding is the term used for a range of measures employed to keep the aforementioned groups safe and protected from harm.

Rotherham MBC's Safeguarding Policy can be accessed via the following link, where you can gather further information.

http://www.rotherham.gov.uk/downloads/file/3100/corporate_safeguarding_policy

The</p>		

public and in particular vulnerable groups put their trust in us to keep their non-public information secure and keep them safe. All employees are subject to be compliant with the safeguarding policy and the code of conduct.

All Managers are to maintain a safer culture at work by assessing safeguarding risks and implementing a plan to manage those risks, using our Risk Management Framework.

All employees of our organisation who may, as part of their duties, come into to contact with the public are only employed following satisfactory DBS checks.

A copy of our organisations safeguarding policy and Code of Conduct is available if required.

Question 2	Local Labour	Weighting 3
<p>The Authority always encourages the use of local labour due to the benefits that this may provide to the Borough. It is expected that the successful contractor will, where possible, provide additional benefits regarding the development of employment and skills of the local economy and populace. (see Appendix B for 'local definition)</p> <p>These additional benefits can be (but not limited to) offering apprenticeships where possible, visits to schools, visits by school students, work experience opportunities and support to achieving NVQs dependent on appropriate workload. The tenderer should describe below how he intends to contribute to and manage this.</p>		
<p>We are ambitious for Sheffield, for the Council and for all our residents. Our vision is:</p> <ul style="list-style-type: none"> • To be a modern, vibrant, green city where people choose to live, invest and work • To be a Council that gets things right first time for our customers • To be a city where everyone can achieve their full potential <p>As an organisation, we will focus on five priorities:</p> <ul style="list-style-type: none"> • An in touch organisation • Strong Economy • Thriving neighbourhoods and communities • Better health and wellbeing • Tackling inequalities <p>Our Corporate Plan 2015-18¹ is structured around these five priorities.</p> <p>Further details on the Corporate Plan are available on https://www.sheffield.gov.uk/your-city-council/policy--performance/what-we-want-to-achieve/corporate-plan.html.</p> <p>This vision for Sheffield is shared and encouraged through our Procurement Strategy and our supply chain.</p> <p>As a Local Authority we also encourage and support local labour and businesses. Among the current suppliers on the Framework agreement we have are a number of family run local businesses that have benefitted by the works they have received from us.</p> <p>The current supply arrangements which will support delivery of this service provision is made up of 2</p>		

micro, 5 small, 5 medium, 3 large and 3 non declared suppliers by classification.

Most of our suppliers operate an apprentice scheme as do ourselves and this has enabled a number of young people to find themselves a permanent position in the workplace. We too have employed an apprentice in our section that is undertaking an NVQ and could in all likelihood come out of their time with a permanent post within the organisation.

We have also supported the work experience scheme that is run annually by a number of our local schools. Over the last 3 years we have taken in 3 students per year for their period of experience and given them a good insight into a working ethic.

All the staff employed by Sheffield City Council delivering this contract are local people and some have very long services to their name having worked for the organisation for a number of years.

Question 3	Local Supplier Base	Weighting 4
<p>In the box below please state your proposed methods for utilising the local supplier base (wherever possible) for this agreement, and how your organisation can;</p> <ul style="list-style-type: none"> • Promote fairness and good working conditions throughout the supply chains. • Support a strong and sustainable local economy by involving local sub-contractors and suppliers in procurement opportunities. <p>In your statement of proposals can you also include?</p> <ul style="list-style-type: none"> • How you meet the specified payment period for sub-contractors and suppliers as defined in the Government Prompt Payment scheme 		
<p>Being a Local organisation ourselves we have the ability to meet all the logistical elements of the contract relatively easily.</p> <p>In order to achieve fairness in our interactions with the supply chains all our current suppliers were invited to tender for inclusion onto the framework agreement and have had a fair and open opportunity to work for us.</p> <p>The Council has a Procurement Policy, which promotes effective procurement across the whole organisation. It provides a framework within which the Council will:</p> <ul style="list-style-type: none"> • Obtain the best value for money; • Make a difference with the money it spends, and maximise the wider social, economic and environmental benefits that can be realised through procurement; • Invest in the growth and development of a mixed economy – including local and Third Sector organisations – where organisations from diverse and competitive marketplaces are best prepared to bid for contracts and deliver goods and services on behalf of the Council; • Meet its statutory obligations when procuring goods and services; • Improve and develop relationships with suppliers and foster a culture of openness, transparency, and working closely with the market to achieve our wider goals and stimulate innovation; 		

- Commit to implement best practice in procurement, with a view to continuous improvement, and make sure that policy and practice is consistent across the Council.

In order to achieve fairness in our interactions with the supply chains all our current suppliers were invited to tender for inclusion onto the framework agreement and have had a fair and open opportunity to work for us.

Further information on our Procurement Policy can be found through www.sheffield.gov.uk/contracts.

The framework we let was SME friendly and assisted with the engagement of local manufacturing and a number of our suppliers are within a few miles of our Sheffield base. We continually liaise with all suppliers on the framework and involve them in mini tenders for goods that may be bespoke for example and items affected by changes to client specifications, which had led to a very focused and flexible supply chain in support of this Contract.

As a local authority we are also bound by the same terms and conditions in respect to Governments prompt payment scheme and ensure by monitoring our finance systems reports that we settle all of our accounts within the timeline required. We are also covered by the Transparency agenda which requires us to publish all spend over £250.00, this information is freely available and gives potential suppliers the information around the spend profile of the Authority.

The majority of our suppliers are on a Call Off Order arrangement we have found this has had a very positive effect on the payment cycle, unless there are serious issues with the suppliers invoicing payments are made on time which assists smaller businesses with their cash flow and forecasting.

Question 4	Innovation	Weighting 3
Please provide details of any innovation ideas or any areas where your company can add value to this contract over and above what has been requested in the specification and at no additional cost to the council.		
<p>Working with our current suppliers we are constantly striving to add value to the supply arrangements we have.</p> <p>We have improved on the specification of a number of our goods for example the energy rating of some of the domestic appliances we stock and this has been at extra cost to ourselves. We always ensure we are provided with the products that meet the latest industry and legal specifications so customers are assured the products we provided are to the most up to date and are in full compliance with prevailing legislation.</p> <p>At our contract performance meetings we discuss the latest products on the market and if within the industry a supplier has identified an improved product that would benefit us then this has been evaluated for its cost and quality benefits and changed to the new stock item if viewed as a positive.</p> <p>It is proposed that any new technology or improved materials that would benefit yourselves would be shown to you at the scheduled meeting for you to decide if you wanted to change items that would benefit yourselves.</p> <p>The volumes of goods that you are likely to be ordering from us also enables both organisations to benefit from the economies of scale that it provides, so we would factor these increased volumes when negotiating with our suppliers going forward.</p>		

Question 5	Service Delivery - Customer Satisfaction	Weighting 5
<p>Please detail how you will ensure customer satisfaction and how you will ensure that all queries, complaints and enquiries are resolved in a timely manner. You are also asked to demonstrate how you will capture, record and communicate this information to RMBC, providing examples to collaborate your answer.</p>		
<p>As an authority we have a well-defined and embedded Complaints Procedure, further to this we require exactly the same commitment to complaints resolution from our supply chain and this is mandated in our tender documentation. Through careful and diligent supplier and product selection we are confident that the number of complaints you would receive in relation to the quality of our goods or the service provision is going to be minimal.</p> <p>As a supplier to RMBC we propose we would meet regularly (monthly if agreeable) to discuss performance and work with the client to address any issues that you may have. Should you have any faulty goods for example these will be documented and at our monthly meeting we shall report on the numbers received and how we resolved the complaint including any contact we had with the service users direct.</p> <p>The use of email as an audit trail for both parties should suffice for straight forward supply issues i.e. you have found a cooker damaged when unpacking it from the box.</p> <p>For all warranty issues that have been taken up directly with the service user then these shall be detailed to you and its suggested we keep an issues log for recording these. All warranty issues that are sent to our suppliers to deal with, usually domestic appliances, are recorded by their respective service centres and all actions taken by the engineer to rectify the problem are also documented along with all communications they have had with the customer. This can be produced for you each month if required to demonstrate what has been done to resolve the issues.</p>		

Question 6	Implementation - Mobilisation	Weighting 5
<p>Please detail your approach to mobilisation of this contract, outlining the key steps that you would take if appointed. These steps should include any activities that would need to be undertaken by RMBC and the proposed timescales for completion. As a minimum these should include the following details:</p> <ul style="list-style-type: none"> • Account Manager and other officers to be assigned to this contract • Order and invoicing procedure • Contract management • Performance monitoring • Account Creation 		
<p>Account Manager – The main point of contact for RMBC for this contract will be:</p> <p>Sarah Higgins – Furnished Operations Officer</p> <p>Tel 0114 2052649</p> <p>Email Sarah.Higgins@sheffield.gov.uk</p> <p>Sarah has over 13 years service with the organisation and has managed suppliers and contracts throughout her time with us. She also has the authorisation to facilitate procurement of goods outside of the contracted specification ie one off bespoke furniture.</p> <p>Paul Bradshaw is Team Manager for the service and has over 33 years experience with the organistaion managing a range of services areas including projects and contractual arrangements. (Decent Homes , Stock Reduction and demolitions.)</p> <p>Tel 0114 2052803</p> <p>Paul.Bradshaw@sheffield.gov.uk</p> <p>Order and Invoicing Procedure – The existing process of orders shall be adopted if considered acceptable.</p> <p>This is normally done via a proforma and email requisition from the client. Our offices are staffed 5 days a week between 7:30am and 5:30pm and by utilising a generic email box the order will normally be processed within an hour of receipt, however we will have a designated officer to process and deal with orders and enquiries from each client. We shall then confirm the order items are in stock and by return of the said proforma confirm the delivery date. The stock in our warehouse will be checked for availability and a job will be placed on the delivery teams schedules for an agreed date within the contractual timelines of 72 hours.</p> <p>Invoicing would be done monthly and we would invoice against the Call order number provided.</p> <p>Contract Management and Performance Management –</p> <p>We would propose that regular joint contract management and performance meetings are held between the 2 parties in order to ensure the contract arrangements are working for both parties and there are no logistical issues or products that are not meeting the customers' requirements. An agreed set of KPI's are to be devised in order to enable both parties to measure performance against something.</p> <p>Account Creation – RMBC are already on our system and for creating accounts for new customers is a straight forward procedure that can be facilitated.</p>
