A draft Work Programme is attached at Appendix 1 for the Committee's consideration and discussion

The proposed work programme aims to focus on a small number of issues, in depth. This means the Committee will need to prioritise issues to be included on formal meeting agendas. In doing this, the Committee may wish to reflect on the prioritisation principles attached at Appendix 2, to ensure that scrutiny activity is focussed where it can add most value.

Where an issue is not appropriate for inclusion on a meeting agenda, but there is significant interest from Members, the Committee can choose to request a written briefing paper.

The Work Programme will remain a live document and will be brought to each Committee meeting. This version has been subject to some small changes, plus inclusion of additional items identified at the last meeting.

The Scrutiny Committee is being asked to:

- Consider and discuss the committees Work Programme for 2018/19
- Agree membership of a group to discuss arrangements for the joint working group on Mental Health issues
