Draft Work Programme 2018/19: Economic and Environmental Wellbeing Scrutiny Committee – Wednesday 26th September 2018

1.0 What is the role of Scrutiny?

- 1.1 Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement. The Centre for Public Scrutiny has identified that effective scrutiny:
- Provides ‘Critical Friend’ challenge to executive policy makers and decision makers
 - Enables the voice and concern of the public and its communities
 - Is carried out by independent minded governors who lead and own the scrutiny process
 - Drives improvement in public services and finds efficiencies and new ways of delivering services
- 1.2 Scrutiny Committees can operate in a number of ways – through formal meetings with several agenda items, single item ‘select committee’ style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers. Also available to members is the Call-In of decisions to the appropriate Scrutiny Committee.

2.0 Determining the work programme

- 2.1 Attached to this report at Appendix 1 is a draft work programme 2018/19, this includes provisionally scheduled agenda items, some carry forward items from last year as well as a list of possible items to be agreed, added to, prioritised and scheduled. In determining the work programme, the Committee is being asked to consider the information provided at the meeting on Place Portfolio priorities and how the work programme might reflect these. As overall background information a log of topics over recent years is attached at Appendix 2.
- 2.2 It is important the work programme reflects the principles of effective scrutiny, outlined above at 1.1, and so the Committee has a vital role in ensuring that the work programme is looking at issues that concern local people, and looking at issues where scrutiny can influence decision makers. The work programme remains a live document, and there will be an opportunity for the Committee to discuss it at every Committee meeting, this might include:
- Prioritising issues for inclusion on a meeting agenda
 - Identifying new issues for scrutiny
 - Determining the appropriate approach for an issue – e.g. select committee style single item agenda vs task and finish group
 - Identifying appropriate witnesses and sources of evidence to inform scrutiny discussions
 - Identifying key lines of enquiry and specific issues that should be addressed through scrutiny of any given issue.

- 2.3 Members of the Committee can also raise any issues for the work programme via the Chair or Policy and Improvement Officer at any time.

3.0 Meeting Dates 2018/19

- 3.1 Meetings have been scheduled for Wednesdays 5-8pm on the following dates:
- 18th July 2018
 - 26th September 2018
 - 24th October 2018
 - 28th November 2018
 - 30th January 2019
 - 27th March 2019

4.0 Recommendations

- 4.1 The Scrutiny Committee is being asked to:
- Consider and comment on the committee's work programme for 2018/19
 - Identify, prioritise and agree topics for inclusion in the work programme
