Purpose of Report:

Each year the DPH produces an annual report on the health of the local population. This year's report focuses on the relationship between health, work and the economy. It considers how good work and inclusive economy can make a significant contribution to improvement in Sheffield's health and wellbeing and how, in turn, good health represents a key requirement for future prosperity. The report makes three recommendations to the Council, Sheffield City Partnership and the Sheffield City Region respectively in regard to promoting good work and an inclusive economy for the City. There is also a short report on the progress made with the recommendations from the 2017 DPH report. The report will be presented to full Council on 9th January 2019.

Recommendations: Cabinet is asked to

- (a) note the contents of the report and the three recommendations it makes;
- (b) note that the report will be presented to full Council on 9th January 2019;
- (c) agree that the report be published on the Council's website after that date.

Background Papers:

Health and Wealth: Director of Public Health Report for Sheffield 2018

Lead Officer to complete:-	
1	I have consulted the relevant departments in respect of any relevant implications indicated on the Statutory and Council Policy Checklist, and comments have been incorporated / additional forms completed / EIA completed, where required.

In addition, any additional forms have been completed and signed off as required at 1.
	Lead Officer Name: Greg Fell
	Job Title: Director of Public Health
	Date: 24 th October 2018

1. PROPOSAL

1.1 The Director of Public Health has a statutory duty to produce an annual report on the health of the local population. This year's report (attached) focuses on the relationship between health, work and the economy. It considers how good work and inclusive economy can make a significant contribution to improvement in Sheffield's health and wellbeing and how, in turn, good health represents a key requirement for future prosperity.

1.2 The first section of the report considers the economic case for a healthy workforce as well as setting out the reasons why good work is good for our health. The second section looks at why current economic structures aren't working for most people and how this impacts on our health and wellbeing. The final section of the report then focuses on how we can all benefit from an inclusive economy and the importance of the City's anchor institutions in making this a reality.

1.3 The report makes three recommendations:

- **Sheffield City Council, Sheffield City Partnership and Sheffield City Region** should align and embed action into their economic strategies to enable and encourage all local employers to recognise their role in providing good work and ensuring that the most disadvantaged in our society are not left behind in their ambitions. Practical examples of this might include all organisations working towards implementing the fair employer charter, paying the foundation living wage and being ethical procurers
- **Sheffield City Partnership**, as part of developing a strategy for an inclusive economy, should consider how best to use the resources currently available to the City, to incentivise implementation of the strategy; and
- **Sheffield City Partnership** should facilitate the public, private and voluntary anchor institutions of Sheffield to develop a collective strategy to secure and progress their contribution to an inclusive economy, underpinned by supportive strategies for each sector.

1.4 The report will be presented to full Council on 9th January 2019 and is available on the Council's website here:
<http://www.sheffield.gov.uk/home/public-health/director-public-health.html>

2. HOW DOES THIS DECISION CONTRIBUTE ?

2.1 The report of the Director of Public Health contributes directly to the Council's priority of Better Health and Wellbeing.

3. HAS THERE BEEN ANY CONSULTATION?

3.1 There is no requirement for consultation.

4. RISK ANALYSIS AND IMPLICATIONS OF THE DECISION

4.1 Equality of Opportunity Implications

- 4.1.1 The report focuses on those groups of the population who are most likely to experience poor health and wellbeing and most likely to benefit from improvement.

4.2 Financial and Commercial Implications

- 4.2.1 There are no financial or commercial implications arising from this report. If there is a need for any further executive decision consequent from the Director of Public Health's recommendations the implications will be addressed in that executive report.

4.3 Legal Implications

- 4.3.1 The Health and Social Care Act 2012 made amendments relating to public health, including the requirement that a local authority appoint a Director of Public Health, to the National Health Service Act 2006. Under section 73B of the 2006 Act the Director of Public Health has a duty to prepare an annual report on the health of people in the area and the Council has a duty to publish the report.

- 4.3.2 There are no other legal implications arising from this report. If there is a need for any further executive decision consequent from the Director of Public Health's recommendations the implications will be addressed in that executive report.

4.4 Other Implications

- 4.4.1 The report focuses on the key priorities and actions needed to improve the health and wellbeing of the local population.

5. ALTERNATIVE OPTIONS CONSIDERED

- 5.1 Analysis undertaken for the State of Sheffield report (2018) and intelligence derived from the Joint Strategic Needs Assessment (JSNA) was used to identify the focus and priorities for the report.

6. REASONS FOR RECOMMENDATIONS

- 6.1 It is good practice for DPH reports to contain recommendations aimed at improving the health of the local population, addressed to a number of partners and stakeholders as required. This year's report includes three such recommendations (see section 1.3 above).
