Draft Work Programme 2018/19: Economic and Environmental Wellbeing Scrutiny and Policy Development Committee – Wednesday 30th January 2019

1.0 What is the role of Scrutiny?

- 1.1 Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement. The Centre for Public Scrutiny has identified that effective scrutiny:
- Provides ‘Critical Friend’ challenge to executive policy makers and decision makers
 - Enables the voice and concern of the public and its communities
 - Is carried out by independent minded governors who lead and own the scrutiny process
 - Drives improvement in public services and finds efficiencies and new ways of delivering services
- 1.2 Scrutiny Committees can operate in a number of ways – through formal meetings with several agenda items, single item ‘select committee’ style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers. Also available to members is the Call-In of decisions to the appropriate Scrutiny Committee.

2.0 Determining the work programme

- 2.1 Attached to this report at Appendix 1 is a draft work programme 2018/19. There is one remaining meeting scheduled for 2018/19 on 27th March 2019, the work programme includes items for that meeting. If the Committee wish to add to these they are encouraged to consider prioritisation of any outstanding items or additional items in line with the sections of this report that refer to role of scrutiny, determining the work programme.
- 2.2 It is important the work programme reflects the principles of effective scrutiny, outlined above at 1.1, and so the Committee has a vital role in ensuring that the work programme is looking at issues that concern local people, and looking at issues where scrutiny can influence decision makers. The work programme remains a live document, and there will be an opportunity for the Committee to discuss it at every Committee meeting, this might include:
- Prioritising issues for inclusion on a meeting agenda
 - Identifying new issues for scrutiny
 - Determining the appropriate approach for an issue – e.g. select committee style single item agenda vs task and finish group
 - Identifying appropriate witnesses and sources of evidence to inform scrutiny discussions
 - Identifying key lines of enquiry and specific issues that should be addressed through scrutiny of any given issue.

- 2.3 Members of the Committee can also raise any issues for the work programme via the Chair or Policy and Improvement Officer at any time.

3.0 Meeting Dates 2018/19

- 3.1 Meetings have been scheduled for Wednesdays 5-8pm with one remaining this municipal year on:

- 27th March 2019

4.0 Recommendations

- 4.1 The Scrutiny Committee is being asked to:

- Consider and discuss the committee's work programme for the last scheduled meeting 2018/19
-
