Work Programme 2019/20: Children, Young People & Family Support Scrutiny and Policy Development Committee - Monday 14th October 2019

1.0 What is the role of Scrutiny?

1.1 Scrutiny Committees exist to hold decision makers to account, investigate issues of local concern, and make recommendations for improvement. The Centre for Public Scrutiny has identified that effective scrutiny:

- Provides 'Critical Friend' challenge to executive policy makers and decision makers
- Enables the voice and concern of the public and its communities
- Is carried out by independent minded governors who lead and own the scrutiny process
- Drives improvement in public services and finds efficiencies and new ways of delivering services

1.2 Scrutiny Committees can operate in a number of ways – through formal meetings with several agenda items, single item 'select committee' style meetings, task and finish groups, and informal visits and meetings to gather evidence to inform scrutiny work. Committees can hear from Council Officers, Cabinet Members, partner organisations, expert witnesses, members of the public. Scrutiny Committees are not decision making bodies, but can make recommendations to decision makers.

2.0 Determining the work programme

2.1 Attached to this report at Appendix 1 is current work programme 2019/20.

2.2 It is important the work programme reflects the principles of effective scrutiny, outlined above at 1.1, and so the Committee has a vital role in ensuring that the work programme is looking at issues that concern local people, and looking at issues where scrutiny can influence decision makers. The work programme remains a live document, and there will be an opportunity for the Committee to discuss it at every Committee meeting, this might include:

- Prioritising issues for inclusion on a meeting agenda
- Identifying new issues for scrutiny
- Determining the appropriate approach for an issue – e.g. select committee style single item agenda vs task and finish group
- Identifying appropriate witnesses and sources of evidence to inform scrutiny discussions
- Identifying key lines of enquiry and specific issues that should be addressed through scrutiny of any given issue.

2.3 Members of the Committee can also raise any issues for the work programme via the Chair or Policy and Improvement Officer at any time.

3.1 Meetings have been scheduled for Mondays 10-12pm on the following dates:

- 4th November 2019
