

Appendix B: Tree Evaluation Method for Preservation Orders

Stortholme Mews -

T1

Amenity - 3 (Several large old pruning wounds but no sign of active decay)

Retention Span - 4 (40 to 100 years)

Public Visibility - 3 (Close to the roadside but partly shielded from view by surrounding trees)

Other Factors - 1 (None)

Expediency - 1 (Precautionary)

T2

Amenity - 3 (Regularly pruned in the past, slightly sparse crown for species)

Retention Span - 2 (20 to 40 years)

Public Visibility - 4 (Raised roadside location, close to junction)

Other Factors - 1 (None)

Expediency - 1 (Precautionary)

T3

Amenity - 3 (Regularly pruned in the past, slightly sparse crown for species)

Retention Span - 2 (20 to 40 years)

Public Visibility - 4 (Raised roadside location, close to junction)

Other Factors - 1 (None)

Expediency - 5 (Section 211 notice received)

T4

Amenity - 4 (Only not a 5 due to slightly limited visibility of stem and upper crown)

Retention Span - 2 (20 to 40 years)

Public Visibility - 4 (Raised roadside location, close to junction)

Other Factors - 1 (None)

Expediency - 1 (Precautionary)
