IMPORTANT INFORMATION FOR REPORT WRITERS

The Audit and Standards Committee provides an independent and high-level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards.

The purpose of the Committee is to provide independent assurance to the Council of the adequacy of the risk management framework and the internal control environment. It provides independent review of Sheffield City Council's governance, risk management and control frameworks and oversees the financial reporting and annual governance processes. It oversees internal audit and external audit, helping to ensure efficient and effective assurance arrangements are in place.

The Committee also cover Standards and is primarily responsible for promoting and maintaining high standards of conduct by councillors, independent members,

and co-opted members. It is responsible for advising and arranging relevant training for members relating to the requirements of the code of conduct for councillors. The Committee also monitor the Council's complaints process and the Council's response to complaints to the Ombudsman.

The Committee is not an operational committee, so is not focussed on the day to day running of your service. However, its focus is on risk management and governance, so it will want to understand how you manage your key risks, and how you are responding to new challenges and developments. In particular the Committee will be interested in the progress on implementing agreed recommendations from inspection and audit reports, and will want to review your services' outputs and actions in response. You can expect some challenge if deadlines for implementing agreed actions have been missed. Please ensure breakdowns of information are included in your report, as the Committee is interested in the key facts and figures behind areas.

Most Audit and Standards papers are public documents, so use everyday language, and use plain English, don't use acronyms, or jargon and explain any technical terms. Assume the reader knows little about your subject.

Think about how the paper will be interpreted by those who read it including the media.

Use standard format - don't subvert it.

Ensure – You convey the key message in the first paragraph not the last.

The report should include –

- **Summary**
- **Recommendation (s)**
- **Introduction**
- **Background**
- **Main body of the report (in. legal, financial and all other relevant implications)**

(report templates are available from Democratic Services)
