

Report to Transport, Regeneration and Climate Policy Committee

24th November 2022

Report of: David Hollis, Interim Director of Legal and Governance

Subject: Committee Work Programme – Transport, Regeneration and Climate

Author of Report: Sarah Hyde, Democratic Services Team Manager

Summary:

The Committee's Work Programme is attached at **Appendix 1** for the Committee's consideration and discussion. This aims to show all known, substantive agenda items for forthcoming meetings of the Committee, to enable this committee, other committees, officers, partners, and the public to plan their work with and for the Committee.

Any changes since the Committee's last meeting, including any new items, have been made in consultation with the Chair, and the document is always considered at the regular pre-meetings to which all Group Spokespersons are invited.

The following potential sources of new items are included in this report, where applicable:

- Questions and petitions from the public, including those referred from Council
- References from Council or other committees (statements formally sent for this committee's attention)
- A list of issues, each with a short summary, which have been identified by the Committee or officers as potential items but which have not yet been scheduled (See **Appendix 1**)

The Work Programme will remain a live document and will be brought to each Committee meeting.

Recommendations:

1. That the Committee's work programme, as set out in **Appendix 1** be agreed, including any additions and amendments identified in **Part 1**;
2. That consideration be given to the further additions or adjustments to the work programme presented at **Part 2 of Appendix 1**;
3. That Members give consideration to any further issues to be explored by officers for inclusion in **Part 2 of Appendix 1** of the next work programme report, for potential addition to the work programme; and
4. that the referrals from Council and Local Area Committees (petition and resolutions) detailed in **Section 2** of the report be noted and the proposed responses set out be agreed.

Background Papers: None

Category of Report: OPEN

COMMITTEE WORK PROGRAMME

1.0 Prioritisation

1.1 For practical reasons this committee has a limited amount of time each year in which to conduct its formal business. The Committee will need to prioritise firmly in order that formal meetings are used primarily for business requiring formal decisions, or which for other reasons it is felt must be conducted in a formal setting.

1.2 In order to ensure that prioritisation is effectively done, on the basis of evidence and informed advice, Members should usually avoid adding items to the work programme which do not already appear:

- In the draft work programme in **Appendix 1** due to the discretion of the chair; or
- within the body of this report accompanied by a suitable amount of information.

2.0 References from Council or other Committees

2.1 Any references sent to this Committee by Council, including any public questions, petitions and motions, or other committees since the last meeting are listed here, with commentary and a proposed course of action, as appropriate:

Issue	Petition – Cancel the Clean Air Zone
Referred from	Full Council – 2 nd November 2022

Details	Electronic petition received containing 275 signatures requesting the council to cancel the clean air zone.
Comments/ Action Proposed	<p>Co-Chair responded to petition at full council on 2nd November as below.</p> <p><i>Councillor Julie Grocutt (Co-Chair, Transport, Regeneration and Climate Policy Committee) thanked Mr Hussain for presenting the petition, and referred to the extensive discussions held with himself, and the taxi trade, on the planned implementation of the CAZ. She stated that she understood the concerns raised by the taxi trade and, for this reason, the Council was constantly lobbying the Government for additional support for those people adversely affected by the proposals. The Council recognised that it needed to do whatever was required in order to improve air quality in the city, and was committed to delivering the CAZ. The Council, however, also recognised that the proposed scheme needed to be fair for all Sheffield residents, therefore would continue to lobby the Government for additional funding to enable this to be achieved. The Council wanted to work with all organisations and individuals to make sure the scheme was fair and equitable for all. Councillor Grocutt stated that the scheme would be rolled out in spring 2023, and further details would be released shortly, providing information on how people could apply for grants and loans. The Council would work hard to mobilise the financial support measures, and provide assistance for people to make the required upgrades in terms of their vehicles as soon as possible. Councillor Grocutt concluded by stating that the Council would continue liaising with the taxi trade and van drivers, and promised to do everything it could to support them.</i></p>

Issue	Full Council Resolution
Referred from	Full Council – 2 nd November 2022
Details	<p>to ask the Transport, Regeneration and Climate Policy Committee to consider:-</p> <p>(i) conducting an audit of the potential for renewable energy installations and energy efficiency measures on all Council land and property, draw up a priority list for installations based on the most potential to save energy and generate clean energy, ensuring that this is considered as part of the on-going Community Asset Plan, and present it to the Committee within 6 months;</p>

	<ul style="list-style-type: none"> (ii) installing solar photovoltaics on all new build Council-owned buildings where technically feasible, recognising that integrated roof systems are cheaper to install than retrofitting solar systems after construction; (iii) creating a Local Area Energy Plan for Sheffield that has the buy-in of the wider community and lead a local area energy planning process that involves both the network operators and other key stakeholders, including developers, energy experts and community energy groups - with each Local Area Committee (LAC) involved and maximising the 'tool kit for engagement' in the development of Local Area Energy Plans; (iv) investigating establishing strategic partnerships with renewable and energy efficiency installers to help ensure certainty on cost and delivery of measures and report back to the Committee within 6 months; (v) encouraging the establishment of partnerships with local Community Renewables organisations to enable low cost/no cost installations funded through citizens' investments; (vi) maximising external funding to finance installations using Government, South Yorkshire Mayoral Combined Authority and any ethical sources; (vii) using funding available for solar installations from Cooperatives on Council buildings and encouraging take up of this funding by large commercial organisations; (viii) working with the Strategy and Resources Policy Committee to address procurement barriers to support community energy installations on Council buildings through the development of Sheffield's Ethical Procurement Policies and Community Wealth Building Charter; (ix) encouraging wider community investment in local renewable energy projects through a range of measures including, but not limited to, Community Share Offers and Municipal Bonds; (x) working alongside the Housing Policy Committee to develop a compelling offer for private householders and landlords to support the installation of solar photovoltaics and high cost energy efficiency measures; (xi) encouraging best practice in Planning to support renewable energy installations by developers and to create a low carbon energy supply; (xii) encouraging renewable and energy efficiency skills by establishing links and relationships between our partners in the Renewable Energy and Energy Efficiency sectors with appropriate local training and education providers; (xiii) working alongside the Economic Development and Skills Policy Committee to ensure training opportunities and new skills are included in all projects and that contracts related to energy efficiency
--	--

	and renewables should include commitments from contractors on providing training opportunities and new skills for local people; and (xiv) requiring new energy generation projects of 5MW or above to have at least 20% local ownership .
Comments/ Action Proposed	Co-Chair of TRCPC Cllr Julie Grocutt / Cllr Mazher Iqbal: I'd like to acknowledge the resolution of Full Council at its meeting on 2 nd November 2022 on a range of renewable energy matters. There are 14 detailed actions included within the resolution and on behalf of the Transport, Regeneration and Climate Policy Committee I can confirm that we will now ask officers to consider these fully and bring reports to future meetings that provide a full response across all of the actions. We will confirm the timeline associated with this through our Work Plan but expect an initial report will be available early in 2023.

3.0 Member engagement, learning and policy development outside of Committee

3.1 Subject to the capacity and availability of councillors and officers, there are a range of ways in which Members can explore subjects, monitor information and develop their ideas about forthcoming decisions outside of formal meetings. Appendix 2 is an example 'menu' of some of the ways this could be done. It is entirely appropriate that member development, exploration and policy development should in many cases take place in a private setting, to allow members to learn and formulate a position in a neutral space before bringing the issue into the public domain at a formal meeting.

3.2 Training & Skills Development - Induction programme for this committee.

Title	Description & Format	Date
Local Plan Overview	Background and future work programme etc. – this will need more than one session.	3.00-5.00pm on 31 Aug 2022 4.00-5.00pm, 15 th Sept 2022
Regeneration and City Development Overview	Presentation giving overview of background and future work programme – this will need more than one session. Also, likely to be more full committee update briefings on a semi regular basis of specific activities and initiatives e.g. Heart of the City, Castlegate, Attercliffe, West Bar, City Centre Living, Fargate, Future High Street Fund, Stocksbridge Towns Fund	TBC
Levelling Up Activity?	Presentation giving overview of background and future work programme – this will need more than one session. Also, likely to be	TBC

	more full committee update briefings on a semi regular basis.	
City Centre Strategic Vision	Presentation giving overview of background to City Centre Vision and future work programme	TBC
Transport Overview	An overview of key Sheffield, Regional and National issues and policy influencing Transport and our local priorities and programmes	June 2022
Flood and Water Overview	An overview of key Sheffield, Regional and National issues and policy influencing Flood and Water and our local priorities and programmes	June 2022
Climate Change Overview	An overview of key Sheffield, Regional and National issues and policy influencing our approach to Net Zero following the adoption of the 10 Point Plan	June 2022
Climate Change	Formal Elected Member training	TBC
Funding Landscape	Familiarisation with Directorates Funding and potential external sources of funding	June 2022

Appendix 1 – Work Programme

Part 1: Proposed additions and amendments to the work programme since the last meeting:

Item	Proposed Date	Note
NEW		
Decarbonisation Routemaps – UPDATE REPORT	24th November 2022	Tom Finnegan-Smith / Mark Whitworth + other leads on thematic areas Priority Routemaps to inform key Council and Citywide action on decarbonisation (Housing, Transport, Energy, Economy)
Mitigate overspends and Income Generation	TBC	Added to list of potential items – Commission work from officers to develop and implement plans to mitigate overspends and deliver stalled saving plans to bring forecast outturn back in line with budget and discuss opportunities for income generation.
Get Building Fund -Update	15th December 2022	This report provides a progress update on the successful Get Building Fund bids. In addition, the report recommends a reallocation of funding between GBF projects following the listing of the Cole Brothers building and lack of acquisition opportunities on Fargate.
Levelling up fund - Update	24th November 2022	This report provides a progress update on the successful Round 1 Levelling Up Fund bids and a summary of the as yet undecided Round 2 Levelling Up Fund Submissions In addition, the report recommends the acceptance of the recommendations of the recent Live Works coproduction workshops and endorsement of the reallocation of Gateway to Sheffield LUF funds between project headings
Report objections to the Experimental Traffic Regulation Order for Broomhill Shopping Precinct	15th December 2022	Form 1 received to be submitted to meeting on 24 th November 2022. Deferred to December meeting, awaiting further clarifications
Beighton 20mph TRO	24th November 2022	Form 1 received

Burncross 20mph TRO	24th November 2022	Form 1 received
AMENDMENTS		
Kelham Parking Scheme	15th December 2022	Advised following work programme session on 26 th October that this item would now come to the December committee. Awaiting legal advice.
Parkhill Parking Scheme	15th December 2022	Advised by Head of Transport, Infrastructure and Sustainability that this item would now come to the December committee, in consultation with Chair's.
City Centre Strategic Vision- Priority Framework Areas and masterplans	TBC	Head of Strategic Planning advised that in consultation with the Chair, Deputy Chair and Spokesperson that this item would now form part of the Local Plan public consultation in the new year.
Monitoring of the 10 Point Plan - Update Report	TBC	Agreed at Pre-agenda that this item be deferred to a later meeting, the Head of Transport, Infrastructure and Sustainability to confirm.
Sheaf Valley Masterplan	15th December 2022	Agreed at Pre-agenda to defer the item to the December meeting.
Heart of the City	15th December 2022	Agreed at Pre-agenda to defer the item to the December meeting.

Part 2: List of other potential items not yet included in the work programme

Issues that have recently been identified by the Committee, its Chair or officers as potential items but have not yet been added to the proposed work programme. If a Councillor raises an idea in a meeting and the committee agrees under recommendation 3 that this should be explored, it will appear either in the work programme or in this section of the report at the committee's next meeting, at the discretion of the Chair.

City Centre Strategic Vision- Priority Framework Areas and masterplans	To approve draft masterplans and delivery strategies for Priority Framework areas and Catalyst sites Will form part of the Local Plan consultation.	Tammy Whitaker/ Michael Johnson	Decision	Committee Briefing	TBC – possible wider stakeholder group engagement rather than full public consultation post committee ratification of draft and approach	This committee
Mitigate overspends and Income Generation	Develop and implement plans to mitigate overspends and deliver stalled saving plans to bring forecast outturn back in line with budget, and discuss opportunities for income generation.					

Appendix 2 – Menu of options for member engagement, learning and development prior to formal Committee consideration

Members should give early consideration to the degree of pre-work needed before an item appears on a formal agenda.

All agenda items will anyway be supported by the following:

- Discussion well in advance as part of the work programme item at Pre-agenda meetings. These take place in advance of each formal meeting, before the agenda is published and they consider the full work programme, not just the immediate forthcoming meeting. They include the Chair, Vice Chair and all Group Spokespersons from the committee, with officers
- Discussion and, where required, briefing by officers at pre-committee meetings in advance of each formal meeting, after the agenda is published. These include the Chair, Vice Chair and all Group Spokespersons from the committee, with officers.
- Work Programming items on each formal agenda, as part of an annual and ongoing work programming exercise
- Full officer report on a public agenda, with time for a public discussion in committee
- Officer meetings with Chair & VC as representatives of the committee, to consider addition to the draft work programme, and later to inform the overall development of the issue and report, for the committee's consideration.

The following are examples of some of the optional ways in which the committee may wish to ensure that they are sufficiently engaged and informed prior to taking a public decision on a matter. In all cases the presumption is that these will take place in private, however some meetings could happen in public or eg be reported to the public committee at a later date.

These options are presented in approximately ascending order of the amount of resources needed to deliver them. Members must prioritise carefully, in consultation with officers, which items require what degree of involvement and information in advance of committee meetings, in order that this can be delivered within the officer capacity available.

The majority of items cannot be subject to the more involved options on this list, for reasons of officer capacity.

- Written briefing for the committee or all members (email)
- All-member newsletter (email)
- Requests for information from specific outside bodies etc.
- All-committee briefings (private or, in exceptional cases, in-committee)
- All-member briefing (virtual meeting)
- Facilitated policy development workshop (potential to invite external experts / public, see appendix 2)
- Site visits (including to services of the council)
- Task and Finish group (one at a time, one per cttee)

Furthermore, a range of public participation and engagement options are available to inform Councillors, see appendix 3.

Appendix 3 – Public engagement and participation toolkit

Public Engagement Toolkit

On 23 March 2022 Full Council agreed the following:

A toolkit to be developed for each committee to use when considering its 'menu of options' for ensuring the voice of the public has been central to their policy development work. Building on the developing advice from communities and Involve, committees should make sure they have a clear purpose for engagement; actively support diverse communities to engage; match methods to the audience and use a range of methods; build on what's worked and existing intelligence (SCC and elsewhere); and be very clear to participants on the impact that engagement will have.

The list below builds on the experiences of Scrutiny Committees and latterly the Transitional Committees and will continue to develop. The toolkit includes (but is not be limited to):

- a. Public calls for evidence
- b. Issue-focused workshops with attendees from multiple backgrounds (sometimes known as 'hackathons') led by committees
- c. Creative use of online engagement channels
- d. Working with VCF networks (eg including the Sheffield Equality Partnership) to seek views of communities
- e. Co-design events on specific challenges or to support policy development
- f. Citizens assembly style activities
- g. Stakeholder reference groups (standing or one-off)
- h. Committee / small group visits to services
- i. Formal and informal discussion groups
- j. Facilitated communities of interest around each committee (eg a mailing list of self-identified stakeholders and interested parties with regular information about forthcoming decisions and requests for contributions or volunteers for temporary co-option)
- k. Facility for medium-term or issue-by-issue co-option from outside the Council onto Committees or Task and Finish Groups. Co-optees of this sort at Policy Committees would be non-voting.

This public engagement toolkit is intended to be a quick 'how-to' guide for Members and officers to use when undertaking participatory activity through committees.

It will provide an overview of the options available, including the above list, and cover:

- How to focus on purpose and who we are trying to reach
- When to use and when not to use different methods
- How to plan well and be clear to citizens what impact their voice will have
- How to manage costs, timescales, scale.

There is an expectation that Members and Officers will be giving strong consideration to the public participation and engagement options for each item on a committee's work programme, with reference to the above list a-k.
