	used care.				
Strategic	carers. Expecially during Carers Wirek, Young Carers Awareness Day, and Carers Rights Day.	Mar-30	Sheffield City Council	Green	This continues to happen with the latest example being, the partnership working to deliver our first ever Sheffield Career readshow. 23 organizations participated and we had a range of digitatives invited including the Land Mayor and Paul Biomide MP and a multipacy comers gian to promote the event. The Career Readshow will have called awareness of career and the vital role they play in our communities.
	Ensure the Council is meeting our statutory duties appropriately by: Developing a transition assessment for young adult carers: Ensure completed Young Carer's Needs Assessments / Transition Assessments are collated.				awareness or cares and one was note only pay as our communities.
Strategic	Ensure completed Young Carer's Needs Assessments / Transition Assessments are collated and reviewed. Providing training on completing Young Carer's Needs / Transition assessments to the	Mar-24	Sheffield City Council	Green	SVC has worked with the City Council to review the young carers assessments and present an options paper to explore how the City Council can meet its statutory obligations under the legislation for young carers assessments.
	 Providing training on completing Young Carer's Needs / Transition assessments to the workforce. 				Experience are trig countries in meet as successly surgeous when the registration point units acceptance.
Strategic	Improve outcomes for carers by influencing and working with other organisations	Dec-36	Sheffield Carers Centre	Green	The Caners Centre works across the city with valuntary and statutory sector colleagues and organisations as well as being represented on relevant groups and boards.
Strategic	Create a joint carers communication plan using tools like "stories of difference" and case studies to promote the carer agenda and identify more carers within health and social care.	Jul-24	Sheffield City Council/ Sheffield Integrated Care Board	Green	being represented on relevant groups and boards. We have started to align communications more e.g. Carrex Raadshow, however, there is no formal plan yet. Some significant such its abeen understands to get a common understanding and working relationship between partners.
-	All partners have systems to capture and report on relevant carer data leach key partner will have its own individual priority actions under this, including health and care systems, education		ingan cirean		comms teams.
Strategic	All partners have processes to effectively connect carers to the most appropriate local support organization/group/retwork plane: Liquidiogic to neflect the Currer Control in new referral processes as well as explore ways to roll out systems for registering young carers on the Young Carers Register to more settings as, health, voluntary section, ver	Jun-24	Sheffield City Council	Green	Liquidiogic changes should be completed in the next few weeks. The Council will then start to explore getting the Carers Centre on Liquidiogic so they can access our system, making data transfer/sharing much easier.
	processes as well as expoone ways to not out systems for negatiering young carest on the Young Carers Register to more settings e.g. health, voluntary sector, etc.].				
Strategic	Develop longer term planning for families with agoing carers.	Mar-24	Sheffield City Council	Green	Sheffield City Council has now insourced the "Sharing Caring Project", which was previously delivered by Sheffield Mencap and Gateway. This will allow us to continue to support aging long-cern cares.
	Songe particular faith. Shaffaid integrated Case Board and others to improve year identification.				We are working with the ICB to access more GPs and try to gain access to the NHG Spine to further identify and support carers. This is being explored. Review in 6 months, Nationally, regionally and locally there is work being
