1. PROPOSAL

1.1. This report provides an update on the current outturn position for Sheffield City Council's revenue budget for 2023/24.

2023-24 Q3 Financial Position by Directorate

1.2. At the end of the third quarter of 2023-24, the Council's revenue budget shows a forecast overspend of £16.7m. This was an improvement of £700k from the previous quarter's outturn position.

Full Year £m	Q3 Outturn	Budget	Q3 Variance	Q2 Variance	Move ment
Neighbourhood Services	148.9	146.8	2.1	3.3	(1.2)
Adults	146.7	144.2	2.6	3.4	(0.8)
Children's	142.5	131.3	11.2	8.8	2.4
City Futures	49.2	48.8	0.4	1.0	(0.6)
Strategic Support	15.0	10.6	4.5	4.4	0.0
Public Health & Integrated Commissioning	12.8	11.2	1.6	1.8	(0.2)
Corporate	(498.4)	(492.9)	(5.5)	(5.2)	(0.3)
Total	16.7	(0.0)	16.7	17.4	(0.7)

1.3. This overspend is due to a combination of factors. Agreed Budget Implementation Plans ("BIPs") are not forecast to fully deliver within the year. There are underlying cost and demand pressures faced by services that are partially offset by one-off items. These "one-offs" consist of grant income, draws from specific reserves or provisions and income from central government or external sources.

Full Year Variance £m	One-off	BIPs	Trend	Total Variance
Neighbourhood Services	(4.7)	2.9	3.9	2.1
Adults	(11.2)	3.5	10.3	2.6
Children's	(5.0)	4.0	12.2	11.2
City Futures	(0.1)	0.4	0.1	0.4
Strategic Support	(1.1)	0.1	5.5	4.5
Public Health & Integrated Commissioning	(0.5)	0.0	2.0	1.6
Corporate	0.0	0.0	(5.5)	(5.5)
Total	(22.7)	10.9	28.5	16.7

1.4. In 2021/22, the Council set aside £70m of reserves to manage the financial risks associated with delivering a balanced budget position. Overspends against general fund budgets in 2021/22 and 2022/23 have meant we have drawn almost £40m from this reserve to date. Current overspends of £16.7m would deplete this reserve to just £14m for budget overspends for 24/25 and beyond. Given this challenging position and likely requirement in the next few years to draw on this reserve, a further £12.5m has been identified from a one-off surplus from our collection fund. This is subject to approval at full council on 6th March.

1.5. 2023-24 Q3 Financial Position by Committee

1.5.1. The major budget risk areas are in Childrens & Adults Social Care and in Homelessness services:

Full Year £m	Q3 Outturn	Budget	Q3 Variance	Q2 Variance	Movement
Adult Health & Social Care	154.6	152.5	2.1	3.1	(1.0)
Communities Parks and Leisure	46.8	47.1	(0.4)	0.8	(1.2)
Economic Development & Skills	11.1	11.1	0.0	(0.0)	0.1
Education, Children & Families	145.6	132.4	13.2	10.9	2.3
Housing	11.1	8.2	2.9	3.2	(0.3)
Strategy & Resources	(462.7)	(462.5)	(0.2)	0.6	(0.8)
Transport, Regeneration & Climate	43.6	43.6	(0.0)	(0.0)	0.0
Waste & Street Scene	66.6	67.6	(1.0)	(1.1)	0.1
Total	16.7	(0.0)	16.7	17.4	(0.7)

1.5.2. In 22/23, the Council's overspend improved by over £14m from the first quarter's forecasts to final outturn. This was mainly due to additional income received rather than underlying improvements in budgets and cost reductions. Whilst there is a likelihood we may receive some additional government funding in the final quarter of 2023/24, it is unlikely we will see an improvement on this scale.

Many underlying budget issues in social care services still remain and this is reflected in the current forecast position.

1.5.3. Most of the overspend is due to underlying cost and demand pressures in services. We estimate that £28.5m is embedded in the baseline costs but is somewhat mitigated by one-off income:

Full Year Variance £m	One-off	BIPs	Trend	Total Variance
Adult Health & Social Care	(11.5)	3.5	10.1	2.1
Communities Parks and Leisure	(0.2)	0.1	(0.2)	(0.4)
Economic Development & Skills	0.1	0.0	(0.1)	0.0
Education, Children & Families	(5.2)	4.0	14.4	13.2
Housing	(1.7)	0.2	4.4	2.9
Strategy & Resources	(3.6)	2.8	0.6	(0.2)
Transport, Regeneration & Climate	0.0	0.1	(0.2)	(0.0)
Waste & Street Scene	(0.6)	0.3	(0.7)	(1.0)
Total	(22.7)	10.9	28.5	16.7

1.5.4. Balancing the General Fund 2023/24 budget was only possible because the Council identified £47.7m of savings:

General Fund Budget Implementation Plans (in £m)

Committee	Total Savings	Financial Savings Deliverable in Year	In Year Gap	Financial Savings Deliverable Next Year (Slippage)	Undeliverable Savings
Adult Health & Social Care	31.6	28.0	3.5	3.5	0.0
Comm, Parks & Leisure	2.0	1.9	0.1		0.1
Economic Dev & Skills	0.5	0.5	0.0		0.0
Ed, Children & Families	6.9	2.9	4.0	0.3	3.6
Housing	0.6	0.5	0.2		0.2
Strategy & Resources	4.1	1.4	2.7	2.5	0.2
Transport, Regen & Climate	0.8	0.7	0.1		0.1
Waste & Street Scene	1.1	0.8	0.3		0.3
Grand Total	47.7	36.8	10.9	6.4	4.5

The current forecasts show £10.9m savings plans are undeliverable this year. This represents a delivery rate of 77% against target with a further 14% set to be delivered in the following year.

In 22/23, less than 65% of savings targets were delivered. Whilst we are improving upon overall delivery performance, we are still falling short of targets meaning further draws could be required from our reserves to meet these overspends if they are not managed and mitigated. Delivering in year budgets must be a key focus for all services for the Council to retain financial sustainability.

-
- 1.5.5. Inflation is continuing to fall; from April 2023 CPI at 7.8% to 4.2% in December (month 9). Whilst we are seeing some stabilisation in the cost base, the fall in inflation does not mean that our costs will now reduce, higher costs are now embedded in baseline expenditure. There is an increased demand for services alongside cost pressures in social care, home to school transport and homelessness services.

1.6. Key Committee Overspends:

- 1.6.1. **Adult Health and Social Care are forecast to overspend by £2.1m** The main area of overspend in the service sits in staffing budgets. The high cost of packages of care put in place during covid increased our baseline costs and this carries into 23/24. Work to review packages of care has continued throughout 23/24 which has helped to reduce baseline costs in Homecare. This work and one-off funding has mitigated the position again this year leaving a £0.5m overspend in the purchasing budgets. However, there remains an underlying pressure of around £10m, a significant aspect of which is within Learning Disabilities, plus £3.5m savings undelivered in 23/24 which will need to be resolved through the Recovery Plan for 2024/25. This was presented to Committee 31 January 2024 detailing how underlying issues, which are estimated at around £17m including additional staff pressures, will be addressed. Action owners and responsible Assistant Directors are currently working through implementation plans to ensure the requisite staff capacity and any additional resources are made available.

- 1.6.2. **Education, Children and** The key overspends in the service relate to placements with external residential placements a particular issue which are

Families are forecast to overspend by £13.2m forecast to overspend by £6.7m. The average placement cost has increased to £5,800 per week but due to a limited number of places in the city, placements for the most complex children can cost much more. Actions are being taken to ensure that costs for placements are being met by all elements including education and where possible health. High-cost placements are also being reviewed.

The savings proposal for £1.6m to increase fostering placements this year is forecast to not be delivered. Marketing is taking place, but our number of foster carers remains static. Nationally this has been an issue since the pandemic as older foster carers decided to exit the market and there has not been the like for like recruitment to new foster carers. Overall looked after children numbers have remained stable with increased demand being met, where possible, through family based placements.

Further demand in home to school transport costs are forecast to create a £3.6m overspend against budgets this year. Since the start of the new school year, the overspend has increased due to a further 180 children now requiring transportation to school. Sheffield City Council are now supporting over 2,365 children with transportation to school, this has increased by almost 1,000 children in 4 years, and demand is forecast to continue to increase. An overarching SEND review, including Home to School Transport, is currently underway. Outcomes from the review will bring about longer-term changes to reduce pressures but the underlying cost base will be difficult to reduce due to the rising demand for the service.

Integrated Commissioning budgets are forecast to overspend by £2m in recognition of the unachieved saving from 2022/23 relating to leveraging additional funding from Health partners.

1.6.3. **Homelessness support in temporary and exempt accommodation is forecast to cost the Council £8.4m** The Government does not fully subsidise all housing benefit payments made by the Council even though it sets the rules that determine the amount the Council has to pay. In 2022/23, the Council incurred a loss of £5.9m as a result of the legislation relating to temporary homelessness and supported accommodation. The Council is essentially bridging the gap between the amount the accommodation costs to procure and the amount we are able to recover via housing benefits.

In 2023-24, this is forecast to cost the Council £4.5m for temporary accommodation and £3.5m for supported accommodation. The shortfalls are split between the Housing General Fund and Strategy and Resources budgets respectively.

The Budget Implementation Group

1.6.4. **A working group is in place to drive** A senior officer working group has been established to help drive delivery of the budget. The purpose of the Budget Implementation Group (BIG) is to improve the delivery of the

improvements in budget delivery	Council's annual Revenue Budget (both General Fund and Housing Revenue Account), challenge and drive delivery of the Budget Implementation Plans (BIPs) and make recommendations for the allocation of transformation funding. It will look to facilitate Council wide learning. The group is jointly chaired by the Director of Finance and Commercial Services and the Chief Operating Officer. The group has a nominated core member from each Directorate.
--	--

Transformation Funding

1.6.5. The Council identified £4m to support transformation activity	As part of 2023-24 budget setting, the Council identified a £4m fund that would be used to support programmes of transformational change in the organisation, expedite the delivery of savings plans or support where delivery of savings has become "stuck". The "BIG" group has provided advice, challenge, and recommendations for allocation of the transformation funding to the Council's Performance and Delivery Board.
---	---

In August 2023, the Performance & Delivery board approved bids to support delivery of programmes in Adult Social Care, Housing, Children's services, ICT, HR, and Organisational Strategy to build upon the Future Sheffield programme. These key projects are working to stabilise the organisation and bring budgets back to a steady footing for the future. Each programme of work is being monitored, and progress reported to the Council's Performance & Delivery board to ensure activity remains on track. Overall performance will be reported to the finance committee as part of in-year budget monitoring briefings, with relevant policy committees overseeing progress on programmes in their areas.

Medium Term Financial Analysis (MTFA) & 2024/25 Budget

1.6.6. By law, the council must set a balanced budget	The Council is facing a challenging financial position. The Strategy and Resources Committee on 5 th September received the Council's Medium-Term Financial analysis, highlighted the financial pressures facing the Council over the coming 4 years and the potential gap of £61.2m in resources.
--	---

Each Committee has worked to reach savings targets to achieve a balanced budget for 2024/25. On February 21st 2024, the Strategy and Resources committee recommended the budget to full Council on 6th March.

For 2024/25 we are forecasting pressures of £79m for Committees budgets. These pressures result from rising demand for services but also significant increases in contract and price inflation due to the current economic backdrop. Approximately £49m of these pressures relate to Social Care Services. Through our 2024/25 Business Planning Process, Committees managed to identify £8m of savings to help deliver the balanced budget. Delivery of these savings will require steadfast commitment, and targeted resources from the Council to be successful.

In addition to these savings, increases in Business Rates income and associated grants, uplifts to sales fees and charges where appropriate, additional funding from government (mainly ringfenced to social care) along with the difficult decision to increase Council Tax by 4.99%, means we are able to set a balanced budget for 2024/25.

23-24 Q3 Committee Budget Outturn Position

1.7. Housing Committee - General Fund Overspend of £2.9m & Housing Revenue Account overspend of £4.8m

1.7.1.	The Housing General Fund is forecast to overspend by £2.9m against budget.	Full Year £m	Outturn	Budget	Variance
		Housing General Fund	11.0	8.0	2.9
		Regeneration And Development (Housing Growth - General)	0.1	0.2	(0.1)
		Total	11.1	8.2	2.9
		The majority of the overspend in the Housing General Fund relates to homeless temporary accommodation and the loss the Council incurs as a result of Government subsidy rules.			
1.7.2.	An increase in demand for Supported Accommodation & Housing Benefit Regulations have created a budget problem for the Council	<p>The Government does not fully subsidise all housing benefit payments made by the Council even though it sets the rules that determine the amount the Council has to pay.</p> <p>In 2022/23, the Council incurred a loss of £2.8m as a result of the legislation relating to temporary homelessness accommodation. The Council is essentially bridging the gap between the amount the accommodation costs, in this case using hotels and B&Bs, and the amount we are able to recover via housing benefits from DWP, "subsidy loss".</p> <p>In 2023/24 based on current demand and costs, the forecast subsidy loss is expected to reach £4.5m. There is no budget to support this. The in-year position has been mitigated by the use of prior year Homelessness grants totalling £1.7m, the team are working through the detail to ensure we are maximising use of grant funding towards the issue and clarifying eligibility on a number of other funding streams. Use of this funding could create pressures on staffing budgets in the next 2 years, but teams are looking for ways to resolve this. This particular mitigation is a one-off and is not an option for future years. Urgent action must be taken to reduce the loss incurred by the Council in this area.</p>			
1.7.3.	The Housing Solutions team are developing short- and long-term strategies to deal with the problems	<p>Ultimately, we need to stop using hotels and B&Bs as Temporary Accommodation for a variety of reasons, not just because of the financial cost. The service is developing a Temporary Accommodation strategy that will set out our approach, and options including commissioning models or recommendations for policy decisions.</p> <p>The situation has arisen post lockdown and following the introduction of the Homelessness Reduction Act in 2017 coupled with the shortage of affordable housing in the city and a limited range of options, our use of hotel and B&B accommodation has reached an unsustainable and unaffordable level. The increase in Homelessness is a national issue and there are now more than 100,000 households in</p>			

Temporary Accommodation which is the highest level for 20 years.

Some of the immediate measures in place to contain the problem include:

- **Voids** – working with the recently established team in housing to ensure we are utilising our stock to maximum effectiveness,
- Investigating **private sector** capacity and alternative delivery models to better use private sector rental as interim housing options
- Introduction of temporary **new management** resource in the housing solutions team focussing on strengthening process and challenge
- Recruiting **additional temporary staff** to deal with backlogs of cases and increasing the number of staff in the prevention team,
- Encouraging **partnering** of exempt supported accommodation providers with registered providers and social landlords to maximise claim eligibility.
- Commissioned end-to-end independent **process reviews** of placements to ensure rapid re-housing is taking place and challenging the robustness process and placement decisions,
- Reviewing, and moving on, **longer term placements in temporary and supported accommodation** to provide more cost-effective options to those at immediate risk of hotel accommodation,
- Developing business cases to strengthen the bolster resource in the **claims review team**,
- Working with **other Authorities** to understand potential localised solutions within the sub-region.

In the longer term, other actions are also underway:

- Current construction costs have made planned new TA schemes unaffordable in their current form. **Value engineering** work on capital investment opportunities for Temporary Accommodation are underway to find ways to make investments financially viable.
- Becoming more **creative** with our acquisition approach including repurposing alternative accommodation or leasing opportunities
- Working with **partner organisations**, including the South Yorkshire Housing Partnership to expand housing that is available
- Focus towards improving earlier **prevention** levels and focus on prevention activities including supporting residents to maintain tenancies and better targeted support.
- Our work with the **Royal Foundation** offers greater opportunities and access to resources with the aspiration to eliminate family homelessness.

- 1.7.4. **There is further demand risk to Housing General Fund budgets** The Home Office are accelerating decisions on backlogs of asylum cases, and this is likely to start being felt in the next month. This will mean more people will be presenting as homeless following positive decisions in addition to the usual flow. This would result in a higher than usual number of people who have No Recourse to Public Funds (NRPF) with negative decisions. Partner organisations are signposting to Supported Exempt Accommodation (SEA). Both are likely to add pressures to the use of hotels and SEA. We are working with Migration Yorkshire and Home Office to try and understand the scale of the issue and what the impact will be and looking for any alternative options.

- 1.7.5. The Housing Revenue Account is forecast to overspent by £4.8m

Full Year £m	Outturn	Budget	Q3 Variance	Q2 Variance	Movement

Contribution to Capital Programme	14.5	19.3	(4.8)	(1.9)	(2.9)
Total	(0.0)	0.0	(0.0)	0.0	(0.0)

The account position worsened by £2.9m from Q2 outturn to Q3. This is explained mainly by poor performance in repairs and maintenance and increases in disrepair costs.

- 1.7.6. **The key variance is rent loss of £1.3m from vacant properties** £1.3m of the variance relates rent loss from vacant properties including an undelivered BIP saving to implement measures to improve void rent loss. A multi-functional voids team is now in place to address this. This is offset by (£698k) lower bad debt provision than budget.
- 1.7.7. **Other income is (£0.4m) higher than anticipated** The service has benefitted from additional interest of £468k due to prevailing interest rates, partially offset by garage rent loss due to vacancies.
- 1.7.8. **Repairs and maintenance costs are £5.7m over budget** There are overspends in responsive repairs of over £5.7m. Key variances include overspends of £5.9m in subcontractor costs due to workflow increases in voids and working at height, £2.0m on equipment and materials, £2.0m agency costs partially offset by £0.9m underspend on employees, offset by (£3.9m) forecast capital income recharges mainly relating to firestopping, voids and working at height. The total overspend is compounded by the unachieved BIP shown in 1.11.12. Increased expenditure in the service has prevented any progress against delivery of this BIP. New leadership in the service is in place with a keen focus on investigating root cause analysis of expenditure trends and activity drivers impacting teams and costs. The analysis work is

closely aligned with support and advice from finance colleagues. The forecast outturn position for Q3 accounts for activity and costs to be maintained for the final quarter of the year; we do not expect to see a further increase in the next few months.

- 1.7.9. **Tenant Services is forecast to underspend by (£1.1m)** There are a variety of overspends in tenant services largely offset by lower recharges. Estate & Environment (tipping and transport) £454k and Furnished Accommodation £244k, offset by (£346k) additional capital management fee income, (£234k) lower than anticipated recharges, plus significant staffing underspends in Fire Safety (£360k), Housing Employability Project (£339k) and Asset Management Programme (£199k).
- 1.7.10. **Disrepair claims are continuing to cause overspends** Legal fees on disrepair cases are still high and creating overspends to budget partly due to an unachieved BIP. An improvement plan is in place to reduce claims and further cost escalations.
- 1.7.11. **Capital financing costs are lower than budget** HRA capital financing costs i.e., the interest payable on debt are lower than budget by (£700k) due to a delayed need for borrowing to finance the housing capital programme.

1.7.12. **Budget Savings (BIPS) £m**

Of the £23.5m savings targets in place for 2023/24, £19.1m are forecast to be delivered. The £0.2m saving in the Housing General Fund relates to temporary accommodation which given the context of current budget pressures is not achievable this year.

Other red rated savings relate to the HRA, the main shortfall with repairs & maintenance:

Description	Total Savings	Savings Deliverable in Year	In Year Gap

1.7.13. The below chart shows the breakdown of the HRA in comparison to the prior year.

Uplifts to budgets in disrepairs, council tax, tenant services and most significantly repairs and maintenance should make contributing to the capital programme more achievable this financial year.

Total	(0.4)	(0.1)	(0.3)

There have been adjustments in forecast income and expenditure over the last 3 months to more closely reflect

actuals seen to date and expected consumption for the rest of the year.

1.7.15.	Overspends in the HRA impact the capital programme	The forecast outturn position results in a reduced contribution to the future programme. A sustained improvement in revenue budgets in 2023/24 must be delivered to ensure the long-term capital programme and HRA business plan remains affordable.

2. HOW DOES THIS DECISION CONTRIBUTE?

- 2.1 The recommendations in this report are that the committee notes their 2023/24 budget forecast position and takes action on overspends.

3. HAS THERE BEEN ANY CONSULTATION?

- 3.1 There has been no consultation on this report, however, it is anticipated that the budget process itself will involve significant consultation as the Policy Committees develop their budget proposals

4. RISK ANALYSIS AND IMPLICATIONS OF THE DECISION

4.1 Equality Implications

- 4.1.1 There are no direct equality implications arising from this report. It is expected that individual Committees will use equality impact analyses as a basis for the development of their budget proposals in due course.

4.2 Financial and Commercial Implications

- 4.2.1 The primary purpose of this report is to provide Members with information on the City Council's revenue budget monitoring position for 2023/24.

4.3 Legal Implications

- 4.3.1 Under section 25 of the Local Government Act 2003, the Chief Finance Officer of an authority is required to report on the following matters:

- the robustness of the estimates made for the purposes of determining its budget requirement for the forthcoming year; and
- the adequacy of the proposed financial reserves.

- 4.3.2 There is also a requirement for the authority to have regard to the report of the Chief Finance Officer when making decisions on its budget requirement and level of financial reserves.

- 4.3.3 By the law, the Council must set and deliver a balanced budget, which is a financial plan based on sound assumptions which shows how income will equal spend over the short- and medium-term. This can take into account deliverable cost savings and/or local income growth strategies as well as useable reserves. However, a budget will not be balanced where it reduces reserves to unacceptably low levels and regard must be had to any report of the Chief Finance Officer on the required level of reserves under section 25 of the Local Government Act 2003, which sets obligations of adequacy on controlled reserves.

4.4 Climate Implications

- 4.4.1 There are no direct climate implications arising from this report. It is expected that individual Committees will consider climate implications as they develop their budget proposals in due course.

- 4.4 Other Implications
- 4.4.1 No direct implication

5. ALTERNATIVE OPTIONS CONSIDERED

- 5.1 The Council is required to both set a balance budget and to ensure that in-year income and expenditure are balanced. No other alternatives were considered.

6. REASONS FOR RECOMMENDATIONS

- 6.1 To record formally changes to the Revenue Budget.
