REPORT OF THE CHIEF LICENSING OFFICER & HEAD OF LICENSING TO THE LICENSING COMMITTEE No: 21/13

Licensing Fees Review (Determination of Fees)

1.0 PURPOSE AND OUTCOMES

- 1.1 The purpose of this report is for members to determine the fees for the following systems where we propose no increase at this moment in time:
 - Private Hire & Hackney Carriage Drivers, Vehicles and Operators etc;
 - Animal Health (pets shops, animal boarding establishments, dangerous wild animals, riding establishments and breeders of dogs);
 - Street Trading (football, static, mobile, schools, and short term consents);
 - Motor Salvage Operators;
 - Sex Establishment Licensing (sex shops and sexual entertainment venues);
 - Gambling Act 2005 (casino, bingo, betting and track premises etc.);
 - Approved Marriage Premises (secular and religious)
 - Poisons Registration;
 - Pavement Café Licences; and
 - Second Hand Dealers Registration.
- 1.2 To note the following fee(s) that are statutory and are prescribed by the Secretary of State and can not be changed by the Local Authority. These include;
 - Licensing Act 2003
 - Gambling Act 2005 (certain fees)
- 1.4 To inform members of the systems that are administered by the Licensing Service, where the legislation states we are unable to charge a fee;
 - Safety at Sports Grounds
 - Street Collections
 - House to House Collections
 - Hypnotism
 - Commons Registration
 - Scrap Metal Dealers
- 1.5 The intended outcomes of this report are to ensure that:-
 - The Licensing Service recovers the reasonable costs for administering and enforcing the terms and conditions of certain licensing systems;
 - The Council fees and charges are set in accordance with the Councils Fair Charging principles set out in the Future Shape Policy Handbook and the Provision of Service Regulations 2009; and
 - All fees are determined on an annual basis whether they remain the same, increase or decrease.

2.0 FAIR CHARGING POLICY

- 2.1 It is agreed that fees and charges should be set in a consistent way across the Council and that we are transparent about the fees we expect people to pay.
- 2.2 Licence fees must also be set in accordance with the relevant legislation and the Provision of Services Regulations 2009 and any other associated legislation.
- 2.3 We have set the proposed fees so that they do not prevent us from delivering on our priorities and also on the principle of the polluter pays where it is appropriate.
- 2.4 The Council intends to recover its reasonable costs of the Licensing Service with regards to the administration and enforcement of the terms and conditions of each of the above licensing systems. Each licensing system has its fee calculated separately to ensure we are only recovering the costs in relation to that individual system.

3.0 THE LAW

- 3.1 It is clear from R v Manchester City Council. Ex p. King, The Times, April 3, 1991 that the power to set fees does not permit the Council to raise revenue generally.
- 3.2 It has also been established in many cases such as R-v-The Greater London Council Ex Parte The Rank Organisation Limited where it was stated "the level of fees was a matter of policy and as long as the total fee income did not exceed the cost of the licensing system the court should not and could not see to interfere".
- 3.3 The Provision of Services Regulations 2009 which came into force on 28 December 2009, Para 18(4) states any charges provided for by a competent authority which applicants may incur under an authorisation scheme must be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of these procedures and formalities.
- 3.4 The case of R (Hemmings and Others) v Westminster City Council has changed the way we must consider setting fees and what legitimate costs we can recover.

Keith J upheld that the procedures the costs of which could be recharged to licensees are;

- ".... the steps which an applicant for a licence has to take if he wishes to be granted a licence or to have his licence renewed, and when you talk about the cost of those procedures, you are talking about the administrative costs of vetting the application and the costs of investigating their compliance with the terms of the licence. There is simply no room for the costs of authorisation procedures to include costs which are significantly in excess of those costs..."
- 3.5 With regards to private hire and hackney carriage licensing. A district council may charge fees in order to recover the reasonable costs incurred in operating the licensing function.
- 3.6 Any proposed variation to the fees for vehicles and operators must be advertised

- and objections received within 28 days of the advertisement considered. There is no requirement for drivers or other fees to be advertised or for objections to be considered.
- 3.7 Following the advertisement where no objections are received the new scale of fees comes in to effect on a specified date no less than 28 days after the advertisement appeared.
- 3.8 Should objections be received (that are not withdrawn) then those objections must be considered. After consideration of any objections by the Council the new scale of fees, whether modified or not, will come in to effect on a new date that is within two months of the original date.
- 3.9 Members should note that we can not recover enforcement costs from drivers licence applications. Any enforcement must be recovered through vehicle licence fees.
- 3.10 Members should note that it can only recover the actual costs of delivering each individual system from the fees it charges applicants / licensees. It can not make a surplus from fees and must not use fees to subsidise any other licensing system; to offset other budgets or raise income generally.

4.0 THE LICENSING SERVICE

- 4.1 Licensing operates as a single service. However, it works in four teams with regards to specific areas (Alcohol & Entertainment, Taxis, Safety at Sports Grounds and Gambling / Street Trading etc.). Each team delivers that particular area/specialism of licensing, with staff moving across the four teams and undertaking work throughout the service to give increased flexibility, in line with fluctuations in demand.
- 4.2 The Licensing Service is permitted to recover the cost of certain enforcement activities (terms and conditions) via licence fees. This is only relevant to those systems that fall within the scope of the European Services Directive such as Sex Establishments and Street Trading etc.

5.0 NON STATUTORY FEES

- 5.1 The Licensing Service has undertaken an extensive review of fees with Finance. There are many fees charged across the service and we are proposing no increase as we are satisfied that in all these areas the fees already in place recover the reasonable costs of administering that system for 2013/14.
- 5.2 Members will note that fees are reviewed / determined every year. Members will be aware that the fees were last determined in July 2012.
- 5.3 The Licensing Service has taken on several new systems over the last twelve months and those new systems where fees are charges are included in this report.
- The fees set by the Licensing Authority which are proposed to remain the same are attached at **Appendix "A" to "H"**.

6.0 STATUTORY FEES

- 6.1 The Licensing Service also administers several systems where the fee is determined by the Secretary of State through regulation. This includes all the fees under the Licensing Act 2003 and also several fees under the Gambling Act 2005.
- 6.2 The Licensing Authority has no powers to change these fees. See **Appendix "J" and "K"**.

7.0 NON FEE PAYING

- 7.1 The last few systems the service administers are ones which in accordance with the legislation the Licensing Authority are unable to charge a fee. These systems include duties that are placed upon us by statute and must be undertaken.
- 7.2 These systems include Safety at Sports Grounds, Street Collections, House to House Collections, Hypnotism, Commons Registration and Scrap Metal Dealers.

8.0 FINANCIAL IMPLICATIONS

8.1 There are no financial implications for the Council arising from this report as fees are proposed to remain the same. Should Members agree to determine the licence fees as detailed in the report above and attachments, the Council will continue to recover its reasonable costs of the Licensing Service in relation to administering and enforcing the above licensing systems.

9.0 RECOMMENDATIONS

9.1 That members consider all the information provided in the report and that included in any attachments before determining the licence fee(s) as set out in the report and detailed in the attachments.

10.0 OPTIONS OPEN TO THE BOARD

- 10.1 To determine the fees and authorise the Chief Licensing Officer and Head of Service to maintain the fees at the current level as detailed above and in the attachments.
- 10.2 To determine the fees and instruct the Chief Licensing Officer and Head of Service to increase the fees or reduce them as per Members considerations.
- 10.3 To defer the decision to determine the fees for further consideration.
