- 8.1 The Committee received and noted a report of the Director of Development Services detailing (a) planning appeals recently submitted to the Secretary of State and (b) the outcome of recent planning appeals along with a summary of the reasons given by the Secretary of State in his decision.

9. DIAL HOUSE, BEN LANE: UPDATE

- 9.1 Kate Mansell, Development Services provided an update in respect of the status of the discharge of conditions imposed following the granting of planning permission and Listed Building Consent on appeal for the development on Ben Lane following the request from the Committee at its meeting held on 5 March 2013.

- 9.2 She reported that Members had requested that officers seek an application from the developer for the discharge of the conditions in relation to both the planning permission and Listed Building Consent and this had now been submitted and was presently under consideration. Officers were happy with what had been built on site thus far and the materials used. With regard to the Bowling Green, she advised Members that the discharge of condition application noted that construction of the new bowling green will commence in February 2014 although due to the unsightly state of the area, in the interim, it is proposed to level, topsoil and seed this area. Construction of the bowling green pavilion is also proposed to commence in February 2014 and Officers will consider whether this timescale was appropriate. The application to discharge the conditions could also be brought back to the Committee should Members request this.

- 9.3 **RESOLVED:** That the application to discharge the conditions in relation to the development at Ben Lane be submitted to a future meeting of the Committee.

10. FORMER HESLEY WOOD TIP: SMITHY WOOD ROAD, CHAPELTOWN

- 10.1 Kate Mansell reported that she had received a number of emails from local residents in respect of possible breaches of planning conditions in relation to the development at the site of the former Hesley Wood Tip, Smithy Wood, Chapelton. She commented that Recycoal had undertaken the majority of the tree work required. They had not breached any of the conditions and the position of the fencing had been agreed with officers. They had further submitted a pre-commencement conditions discharge so there had been no breaches at this stage as far as officers were concerned.

- 10.2 **RESOLVED:** That the Chair of the Committee be requested to liaise with officers

with a view to providing regular update reports to the Committee in respect of progress on the development at the site of the former Hesley Wood Tip, Smithy Wood Road, Chapeltown.
