Dear Sir,

I should like to object to the application from
John Harrison, The Beer House, 623 Ecclesall Road
S11 8PT

to extend hours and use of the rear 'garden' for
the consumption of alcohol from 12pm till 9pm

The 'garden' is in very close proximity to the
rear of homes on Neill Road and would cause further
disturbance to the peace and quiet of those residents
on Neill Road, some of whom are very elderly and
have lived there for at least 30-40 years.

Planning Consent for opening hours B irreversible
and would cause distress to the residents in the

peace and quiet of their own small terraced homes permanently.

Furthermore, it would set a precedent for the many other venues in the area, all of which are in close proximity to residential properties of a number of elderly people.

They already suffer raised noise and other disturbance levels as a result of venues which have opened many years after these residents started living here.

I should be grateful if you could please consider my objection.

Consent can never be reversed. The Covid crisis has caused distress for all of us but permanently changing operating conditions of such venues is unfair to those already suffering distress

Yours sincerely
